

### BUSINESS DECLINE CITED IN P. S. CO. PLEA TO CUT PAY

Number of Revenue Passengers Has Fallen Off 15.7 Per Cent This Year, Arbitration Board Hears.

### ONLY 7.3 PCT. DROP IN LINES' SERVICE

Increase in Average Weekly Wage From \$31 to \$33 Ascribed to Reduction in Payroll.

In support of its proposed 10 per cent wage reduction, the Public Service Co. today presented before the board of arbitration operating reports for the first six months of this year showing a decline of 15.7 per cent in number of revenue passengers carried as compared with the first six months of 1930. The decline in amount of service as measured by car and bus miles operated was only 7.3 per cent, the reports showed.

In the cross-examination of W. E. Owen, the company's director of research and statistics, by O. David Zimring, Chicago, economic counsel for the street car men's union, it was brought out that since January of this year there has been a reduction in the number of platform men employed by the company from 2066 to 2311, a reduction of 255; that there was a reduction of maintenance of way employees from 415 to 346, and of shop employees from 637 to 577. Explaining an increase of average weekly wages of trainmen from \$31 in January to \$33 in June, Owen said it undoubtedly was due to a reduction of the number of men on the payroll. Zimring undertook to bring out that this was contrary to the policy in many industries of "staggering" employment in order to distribute it among a greater number of workers.

Meas of Figures Given. Hearings began yesterday and the company introduced a mass of statistical data. In an opening statement, Thomas E. Francis, general counsel of the company, stated that the company's financial condition imperatively demanded relief, that it was doubtful whether a fare increase would help, and that the wage reduction appeared to be the only recourse available of drastic reduction in expense.

The board of arbitration, which is holding hearings in courtroom No. 8 in the Circuit Courts Building, is composed of former Mayor Henry W. Kiel, E. J. Miller, a manufacturer, and former Circuit Judge Harry E. Sprague.

Kiel was selected by the street car men's union, Miller by the company and Sprague by the other two. As the arbitrators chosen by the union and the company were expected to be sympathetic toward their respective sponsors, it is likely the decision ultimately will rest with Sprague, and that unless he agrees with one of the other two he will have to win one of them over to his view.

3800 Interested Workers. The outcome will affect about 3800 wage earners and salaried employees. The street car men's union, which is conducting the case against the proposed wage cut, has a membership of about 2500, including nearly 2000 trainmen. The company's annual payroll is about \$3,000,000, and a reduction of 10 per cent would mean a saving of \$300,000 a year, or \$75,000 a month.

Exhibits were introduced by the company to show average wages and earnings of its trainmen and conductors of living costs over a period of years.

Leslie Vickers, East Norwalk, Conn., a consulting economist, testified the cost of living now is about 10 per cent less than in 1923, the year most economists are using as a basis for comparisons. From reports of the United States Bureau of Labor Statistics he calculated that in June of this year the index of living cost was 83.2 compared with 100 in 1923, a reduction of 16.8 per cent. The National Industrial Conference Board, a statistical organization, he said, gave an index figure for May, 1931, of 85.9, a reduction of 14.1 per cent from 100.

For St. Louis Vickers gave these comparative living cost figures: 1925—100; 1928—100.1; June, 1931—84.7.

Assuming that average hourly earnings of wage workers had a purchasing power of 100 in 1925, Vickers said that the corresponding comparable purchasing power, in the first six months of 1931 was 71.2.

A marked decline in retail

# TELLS OF LARGE DIVIDENDS PAID BY RAILROADS IN 1930

Chicago Accountant, at I. C. C. Hearing Says They Were Biggest in History With One Exception.

NO FIGURES FOR THIS YEAR, HOWEVER

Admits That Indicated Net Operating Income for 1931 Is Little More Than Half That of 1930.

By the Associated Press. WASHINGTON, Aug. 11.—Figures presented to the Interstate Commerce Commission by J. W. Roberts, Chicago consulting accountant, designed to show the railroads' financial condition made freight rate increases unnecessary, were attacked today by counsel for the carriers.

Roberts, under close cross-examination by railroad attorneys in the commission's hearings on the proposed 15 per cent increase, agreed his figures covered only 1930 and did not show the condition of the roads at the present time. The witness had testified the dividends paid by the railroads in 1930 were the largest, with the exception of one year, in the history of American railroads.

He said that except for 1928 more stock was issued during 1929 than any year since 1918, and that the free surplus would meet dividend payments for more than seven years.

Under questioning, he agreed that the indicated net operating income for 1931 was little more than half what his figures showed for 1930. He also testified the dividend payments out of current income in 1930, totaling \$172,000,000, were smaller than in any other year with one exception, and proportionately smaller than ever before.

Roberts said methods used by modern commercial business to meet competition were wholly lacking in railroad operation. He added that unless the railroads got on a business basis they would continue to have difficulties.

He suggested the railroads find out where their profits were coming from, so as to sustain them, and where the losses were arising, so they could be eliminated.

Arthur Hale of the Coal Exporters' Association of the United States asked the commission not to grant an increase in rates for coal shipped to tidewater for export overseas and to the West Indies. He said the exporters felt any increase in the freight would wipe out the export trade with the result that railroad revenues would be reduced.

Hale said American mines could load coal on cars at less than half the cost of shipping European mines, but that the freight rate to tidewater at present proved a factor in holding down American exports.

William T. Coe, Consolidation Coal Co., New York City; Charles W. Hendley, Baltimore; and A. C. Davies, foreign manager of the Berwind-White Coal Mining Co. of New York City, told the commission a rate increase would destroy the coal export trade.

## FESS SAYS HOOVER PLANS CONCRETE ECONOMIC PROGRAM

Senator States President Intends to Present It to Next Congress.

By the Associated Press. WASHINGTON, Aug. 11.—Senator Fess (Rep., Ohio), said today that President Hoover intends to have a "concrete program" to present to the next Congress on the economic situation.

The Ohio Senator conferred yesterday with Mr. Hoover. He reported the President was engaged in determining the exact employment situation.

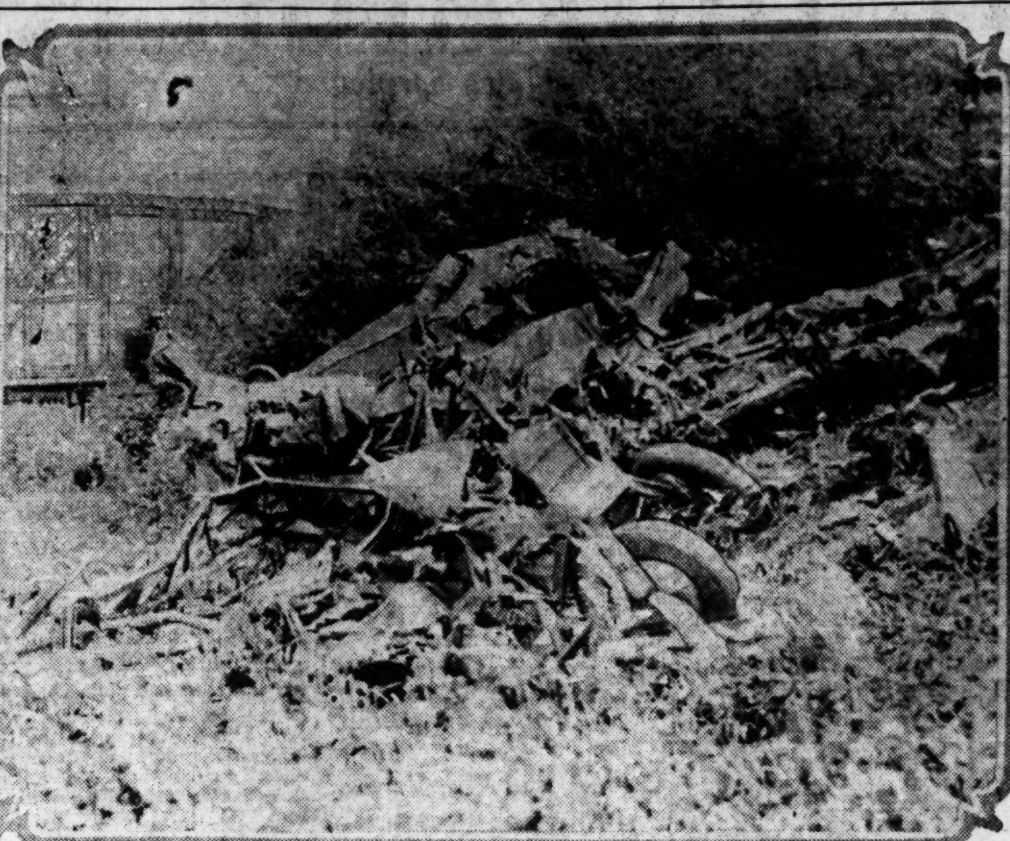

"It is my hope," he said, "that Federal relief in the unemployment situation will not be necessary. I do not know now whether it will be necessary. Of course, it goes without saying that we are not going to let our people suffer if their own communities are unable to aid them. You may be sure that President Hoover is alive to the situation."

## LINDBERGH'S LAND AT HOME AFTER 75-MILE FLIGHT

Continued From Page One.

hind a fast dog team over the tundra. Swathed in fur clothes, the Lindberghs sat side by side on the dog sled. Cameras clicked and Ekimov cheered as the signal to mush was given. The dogs started with a lunge and the flyers sped over the tundra for about an hour. It was their first ride behind a dog team. The Colonel showed pride in his wife's ability as a radio operator. Later he delivered a short address to the Eskimos, who assembled in the Point Barrow schoolhouse. Lindbergh said he thought the route he is pioneering with his wife will one day prove the shortest and quickest between New York and Japan and China.

# Wreckage of Plane in Which Six Were Killed

WHAT happened when a propeller of a tri-motored airplane came off, causing the engine to fall out as the craft was taking off at Cincinnati for Atlanta. The pilot and five passengers were killed as the ship, out of control, crashed into a bay bank.

## LIGHT RATE CUT BY CARTHAGE MUNICIPAL ELECTRIC PLANT

16 Pct. Reduction Follows Modernization of System Pair For Out of State.

CARTHAGE, Mo., Aug. 11.—A voluntary 16 per cent electric rate reduction, effective Sept. 1, was announced today by the Board of Public Works in charge of the city's municipal light plant. The slash will mean a saving of approximately \$25,000 a year to consumers. Power rates, which were cut 13-15 per cent some time ago, are unchanged.

Light reductions are one cent per kilowatt, the new schedule starting at seven cents for the first 25 kilowatts and stepping down to three cents.

Reduction of rates follows modernization of the plant and a general rebuilding at an expense of a quarter of a million dollars, all of which was paid for out of earnings.

The net profit of the city light plant last year was \$49,355.12, or net return of 9.29 per cent on the investment. In addition to this return, the city plant provided fire protection and street light and served municipal institutions without cost. This service would have cost \$28,641.41 had the city been obliged to pay a privately-owned company for it. Thus, in reality, the net for the last year's operation of the power plant was \$79,326.07. The depreciation charge was \$33,751.85.

ACTRESS GETS JEWELRY BACK BY PAYING \$1000 REWARD

Changed Valuation From \$500,000 to \$4000 After Valuables Were Found.

MILAN, Aug. 11.—Ann Murdock, American actress, who lost jewelry in a taxi cab here last Sunday, got it back today by paying through the police a reward of 5 per cent of its value to the finder.

Police said that when Miss Murdock reported the loss of her jewelry she valued them at \$500,000. Subsequently newspapers printed this valuation and pointed out that the finder would receive a reward of almost \$25,000.

Miss Murdock said last night the proper valuation was only \$4000. When she appeared at Police Headquarters this afternoon with her lawyer she was confronted by an expert jewelry appraiser, who estimated the jewelry to be worth 700,000 lire—\$37,000.

Miss Murdock finally agreed to accept that figure and to give the taxi driver who returned the suitcase containing the jewelry approximately \$1000.

## MAIL ORDER HOUSE EMPLOYEE CAUGHT IN \$15,000 THEFT

Continued From Page One.

had been obtained an hour later. In money belt Andell had \$5680. T. P. Rioridan, secretary to another of the company's vice presidents, told police the total amount of the embezzlement, including money and merchandise, was \$15,000.

Andell, who confessed he is an alien, having smuggled his way into the United States in 1914, explained to Chief of Detectives Kallner before he left:

"I'm 40 years old and my wife is 20. In five years more, I'll be an old man. I had planned to kill myself then, but first of all, I was going to give my wife five years of the best times she could possibly have."

## ST. LOUIS POST-DISPATCH

# HONDURAN AVIATOR IS PICKED UP AT SEA

Capt. Lisandro Garay, Saved by Steamer, Had Clung to Plane Since Sunday.

By the Associated Press. NORFOLK, Va., Aug. 11.—Capt. Lisandro Garay, Honduran flyer, who hopped off Sunday afternoon on a nonstop flight from Brooklyn to Tegucigalpa, Honduras, was picked up this morning at 10 o'clock by the steamship Siboco, 20 miles east of Cape Lookout. It was stated in a message received at the local Coast Guard office.

Garay reported he had been forced down Sunday night and had clung to his badly damaged plane until picked up. He was almost exhausted when rescued.

The Siboco was on her way from New York to Savannah. It was stated in advice received by the Naval Hydrographic Office here.

Garay suffered a fractured jaw and minor cuts on the body.

Capt. Garay made a surprise start on his projected 2300-mile nonstop flight at 4:30 p. m. Sunday. He announced he was merely making a load test and taxiing across the field with Bert Acosta, who jumped out at the last minute. Garay went up and didn't come back. He had Acosta with him because his own license had been revoked on request of Honduran officials, and he would not have been allowed to take his plane off the ground alone if field officials had known what he intended to do.

It was learned that if Garay did reach Honduras, he would be courtmartial there for failure to obey an order to return recently in connection with an uprising.

NEW YORK, Aug. 11.—Victor Welokopf today announced he had received a wireless message from Capt. Lisandro Garay, who attempted a New York-to-Honduras flight, saying: "Fell into sea Sunday night. Picked up by S. S. Siboco noon today. Exhausted. Slightly wounded. Other wise O. K. Proceeding Savannah, arrive tomorrow night."

## DEPARTMENT STORE SALES DROP 8 PCT. IN MONTH

Decline in Dollar Value for 1931 Attributed to Price Fall; Volume Higher.

By the Associated Press. WASHINGTON, Aug. 11.—An 8 per cent decrease in department store sales in July as compared to June was shown yesterday in the monthly report of the Federal Reserve Board. For the first seven months of the year, department store sales also were 8 per cent smaller than for the same period in the previous year.

The drop in July as compared to June was greatest in the Dallas district where the decrease was 17 per cent. The Kansas City district had a decrease of 15 per cent while St. Louis dropped 12. Boston and Minneapolis 10 per cent, Cleveland, Chicago and San Francisco, 8; New York and Philadelphia, 7; and the Richmond district, 4.

For the seven months of the year St. Louis had the greatest decrease with a drop of 12 per cent, with Dallas following with 11 and Chicago 10. The figures on the total decrease for the country were obtained from 523 department stores in 231 cities.

The survey for the country is based on dollar values. As retail prices this year average 15 per cent less than in 1930, it is stated the volume sales are substantially above those of last year. Reports of tonnage sales support this view.

## CAULFIELD WANTS BUDGET SYSTEM IN CONSTITUTION

Governor Proposes Step That Would Give Him Some Control Over Expenditures.

By the Associated Press. PARIS, Mo., Aug. 11.—In an address here today at the celebration of the 100th anniversary of Monroe County, Gov. Caulfield recommended a budget system written into the Constitution which would give the chief executive some control over expenditures.

Duplication of Government, too many boards, bureaus and commissions are causing the people to groan under the burden of taxation, said the Governor.

"In the meantime, a partial remedy lies available at our hands," he said. "It is to elect to public office only men who look through the eyes of the taxpayer, and not through the eyes of the tax eater. We need in America, and Missouri is no exception, a revival of interest in our Government and in the kind of men and women who are called to administer it."

"The last session of the Legislature increased the appropriations to a point never before attained in the history of our State," said the Governor. "They overappropriated the general revenues to an amount at least \$4,000,000 in excess of what might, by any stretch of imagination, be reasonably hoped would be available for expenditure."

Cincinnati Air Crash "Unavoidable."

By the Associated Press. CINCINNATI, O., Aug. 11.—A crash of a Cincinnati-Atlanta air liner here Sunday killed six persons was held today by Coroner Kearns to have been unavoidable.

Kearns' report said, "the airplane accident was an unavoidable one, due to mechanical defects—possibly to faulty material in the propeller." Four passengers, one a woman, and two pilots died in the crash.

## T. F. RYAN II DISINHERITED, WYOMING NEWSPAPER SAYS

Report Quotes Him as Attributing Action to His Recent Marriage to Widow.

By the Associated Press. SHERIDAN, Wyo., Aug. 11.—The Sheridan Press says Thomas F. Ryan II, grandson of the late Thomas Fortune Ryan, New York capitalist and multimillionaire, announced today he had been disinherited by his father, John Barry Ryan, financier. Difficulties arising over the younger Ryan's marriage to Mrs. Mayme Masters, young widow, caused the disinheriting, the Press said. Ryan was quoted as saying he would remain with his present wife. Rumors reached here, the Press said, that Ryan's parents would seek an annulment of the marriage.

Ryan and Mrs. Masters were married recently in Montana. Young Ryan has lived in this region intermittently for several years, spending most of his time on dude ranches.

## Two London Papers Cut Dividend

By the Associated Press. LONDON, Aug. 11.—Two of London's large newspaper publishing companies today announced reductions in their interim dividends for the year ending Feb. 29, 1932.

Daily Mirror Newspapers, Ltd., declared a dividend of 2 1/2 per cent against 7 1/2, and Sunday Pictorial Newspapers, Ltd., declared 3 1/2 as compared with 6 1/2.

# HEN, EGGS DROPPED SAFELY FROM PLANE BY NEW PARACHUTE

Soviet Aviation Experts Test Device Intended for Air Mail Use.

By the Associated Press. MOSCOW, Aug. 11.—A hen and a basket of eggs have successfully demonstrated the practicability of a new parachute designed to drop articles from airplanes without damage.

Tests were made recently at the Moscow Airdrome by Soviet aviation experts. The hen, strapped to a basket filled with eggs, dropped 3250 feet. It survived, clucking vigorously, and not an egg was broken.

The parachute is very small and is not yet adapted to human use. It consists of a rubber-covered, air-filled bag attached to a regulation, umbrella-like apparatus. It costs only 50 rubles (nominally \$25) to build, and its designers say it surpasses any similar contrivance because it drifts earthward much slower. It is expected to prove a big stride in small commercial deliveries by air mail.

## WOMAN INJURED WHEN AUTO UPSSETS AFTER COLLISION

Miss Grace Daly, Telephone Operator, Suffers from Internal Injuries.

Miss Grace Daly, 3516 Gustine avenue, a telephone operator, was injured seriously last night when an automobile in which she was riding upset after a collision at Gustine avenue and Chippewa street. She was taken to St. Anthony's Hospital suffering from internal injuries.

Miss Daly was riding with John Sullivan, 5015 Ridge avenue. He and the other driver, Earl H. Snooks, an army private at Jefferson Barracks, were placed under bond.

Edward Criger, 2817 Cass avenue, and Theodore Higga, 3300 Lindell boulevard, were taken to City Hospital last night suffering from skull injuries received in an automobile accident in St. Francois County. Police said Criger lost control of his car going down a steep hill and it upset.

# MOTORIST SENTENCED TO YEAR IN WORKHOUSE

George Fortner Also Fined \$100; Left Scene of Fatal Accident.

George Fortner, a painter, 23 years old, was sentenced to a year in the workhouse and fined \$100 by Circuit Judge Beck yesterday for leaving the scene of an accident. He pleaded guilty.

Fortner was the driver of an automobile which fatally injured Albert Bunker, 84-year-old inmate of the City Infirmary, as Bunker was crossing South Broadway in the 1800 block last May 21.

He and the owner of the car, John Ellis, 2347 South Tenth street, who was riding with him, abandoned it a few blocks away and fled on foot.

## COST OF LIVING IN U. S. FALLS 6.5 PCT. SINCE FIRST OF YEAR

Labor Bureau Reckons Largest Decline in Clothing, Next in Food Compared With 1930 Figures.

WASHINGTON, Aug. 11.—An estimate that the cost of living in the United States is 6.5 per cent cheaper now than it was at the beginning of the current year was made today by the Department of Labor.

Returns from 51 cities on food prices and from 32 cities on clothing, rents, fuel, light, house furnishings and other items form the basis of the estimate.

During the six months of 1931, it was said, food prices dropped 13.8 per cent, house furnishings 6 per cent, fuel and light 5.5 per cent, clothing 4.6 per cent and rents 3.1 per cent. Articles in the miscellaneous group dropped only 7 per cent.

Making comparisons with the peak prices of June, 1920, the report calculated clothing could be purchased 49.2 per cent cheaper now than it could be bought then.

The next largest drop was shown in food prices with a reduction of 46 per cent, followed by house furnishings 29.5 per cent. Fuel and light dropped 2.8 per cent and rents 5.3 per cent.

## BUILDING FALLS; THREE HURT

By the Associated Press. KANSAS CITY, Mo., Aug. 11.—Three persons were injured in the collapse this afternoon of a three-story brick building at 409 Main street, opposite police headquarters, occupied by a Mexican rooming house, and by a bonding company and a produce company.

Mrs. Maria Barboza, 37, a Mexican woman, and Joe King, 31-year-old Negro, were rescued from the debris by firemen. They were unconscious when taken to hospitals. King quickly recovered. Albert Demayo, a member of the Pioneer Bonding Co., suffered a fractured wrist when he fled from the building as the walls were tumbling.

Bank Closed at Polo, Ill.

POLO, Ill., Aug. 11.—The First National Bank of Polo was closed today by its directors. No statement was issued. The bank was reorganized last December.

## SECOND SUIT FILED IN CIRCUIT COURT

Nelson Cunliff Name Take Over Financial Affairs of Structure Judge Hamilton.

A motion of Herman S. trustee for first mortgage holders of the Monticello apartments, 4525 Lindell boulevard, a restraining order to prevent payment of a temporary or for the property, was denied Judge Booth of the United Circuit Court of Appeals, in session today at Minneapolis.

Nelson Cunliff, former I. of Public Welfare, was appointed temporary receiver by Judge Hamilton yesterday, hours after Straus had filed suit in Federal Court. Because of the absence of the two St. district judges, Judges F. A. Davis, the suit was assigned Judge Booth in Minneapolis.

Straus, in his suit to enjoin local receivership, asked permission to foreclose the mortgage which secures outstanding \$228,000, and sell the seven apartment-hotel for the benefit of bondholders, alleging interest payments had been defaulted.

The receivership suit, against the Monticello Investment Co., was instituted by the Cello Building Corporation, erected the apartment building in 1923, and later investment company, which is owned by T. G. St. members of his family.

John T. Craven, president of the Cello Building Corporation, said the apartment building was sold to Straus three years later, investment company, which underwrote bond of the Chase, Coronado and hotels, which it is now offering as security for bonds acting as trustees for bondholders.

Former Gov. E. W. Taylor for the Monticello Corporation, said the suit was filed in an effort to cover about \$24,000 in charges wrongfully collected by Straus company. The firm, he said, was paid a sum of \$28,000 for its services.

Interest was collected, said, on the full amount building loan from July when the notes were although it was not until four months later that it was advanced. In addition, the claim will be monthly deposits on principal interest required under the deed of trust, cost fact partial payments, and interest charges should be accordingly.

## PEACE NEGOTIATIONS

By the Associated Press. HONGKONG, Aug. 11.—Governments of Canton and Peking were reported today re-opened negotiations with Nanking suggesting peace at Shanghai.

The Cantonese are said to have decided not to insist on the resignation of Chiang Kai-shek as the principal P. Cantonese Government Southern Government three months ago. Gen. Governor of Hunan Province demands five poorly divided, is reported to have submitted his resignation to the Nanking faction.

## REFUSES TO BLOCK RECEIVERSHIP FOR MONTICELLO APTS.

Federal Judge Booth Denies  
Restraining Order Sought  
by Herman S. Straus,  
Trustee.

SECOND SUIT FILED  
IN CIRCUIT COURT

Nelson Cunliff Named to  
Take Over Financial Af-  
fairs of Structure by  
Judge Hamilton.

A motion of Herman S. Straus, trustee for first mortgage bondholders of the Monticello Apartments, 4555 Lindell boulevard, for a restraining order to prevent appointment of a temporary receiver for the property, was denied by Judge Booth of the United States Circuit Court of Appeals, in a decision today at Minneapolis.

Nelson Cunliff, former Director of Public Welfare, was appointed temporary receiver by Circuit Judge Hamilton yesterday, a few hours after Straus had filed his suit in Federal court. Because of the absence of the two St. Louis district judges, Judges Farris and Davis, the suit was assigned to Judge Booth in Minneapolis.

Straus, in his suit to enjoin the local receivership, asked for permission to foreclose the mortgage, which secures outstanding bonds of \$250,000, and sell the seven-story apartment-hotel for the benefit of bondholders, alleging interest and principal payments had been defaulted.

The receivership suit, directed against the Monticello Investment Co., was instituted by the Monticello Building Corporation, which erected the apartment in 1925 and sold it three years later to the present company, the stock of which is owned by T. G. Smith and members of his family.

John T. Craven, president of J. T. Craven Engineering Co., is head of the building corporation, which secured in the local market and third mortgages for \$202,000. In its petition for a receiver it alleged its holdings were endangered by Straus' threat to foreclose.

Terms of the deed of trust required owners of the apartment to make monthly deposits with the trustee equal to one-twelfth of the annual payment on principal and one-sixth of the semiannual interest charge. The deed provided that if these requirements were not met, the trustee could pronounce all bonds due and payable immediately and foreclose if the bonds were not taken up.

The Monticello Apartment was financed through a \$250,000 mortgage bond issue sold through Straus Bros. Co., a Chicago investment firm, which was placed in receivership several weeks ago. Straus Bros. Co. is not to be confused with S. W. Straus & Co., another Chicago investment house, which underwrote bond issues on the Chase, Coronado and Mayfair hotels, which it is now operating, acting as trustee for bondholders.

Former Gov. E. W. Major, attorney for the Monticello Building Corporation, said the receivership suit was filed in an effort to recover about \$24,000 in interest charges wrongfully collected by Straus company. The investment firm, he said, was paid a commission of \$28,000 for its financing services.

Interest was collected, Major said, on the full amount of the building loan from July 1, 1925, when the notes were signed, although it was not until more than four months later that any money was advanced. In addition, he said, the claim was made that monthly deposits on principal and interest required under the terms of the deed of trust, constitute in fact partial payments, and that the interest charges should be adjusted accordingly.

## PEACE NEGOTIATIONS IN CHINA

By the Associated Press.

HONGKONG, Aug. 11.—The rival governments of Canton and Nanking were reported today to have reopened negotiations for peace, with Nanking suggesting a conference at Shanghai.

The Cantonese are said to have modified their peace terms and to have decided not to insist on the resignation of Chiang Kai-shek as head of the Nanking Government. This was the principal point of the Cantonese program when the Southern Government organized three months ago. Gen. Ho Chen, Governor of Hunan Province, who commands five poorly equipped divisions, is reported to have submitted his resignation as Governor to the Nanking faction.

Found Badly Cut in Street.

Donald Maher, 25-year-old, was taken to City Hospital last night after he was found suffering from multiple lacerations and in a dazed condition on St. Ferdinand avenue. Thirty-one stitches were required to close the wounds. Maher, who gave the address as 3113 North New-road avenue, declined to tell how he had suffered the cuts.

## ST. LOUIS POST-DISPATCH

Her \$250,000 Suit Settled

MISS GERTRUDE E. SALMON.

## SHOW GIRL'S SUIT AGAINST MOTOR MAKER SETTLED

She Sought \$250,000 for Injuries Suffered While Being Taken Aboard Yacht.

By the Associated Press.

DETROIT, Mich., Aug. 11.—Attorneys yesterday announced a settlement in the \$250,000 suit brought by Miss Gertrude Eugenie Salmon against Ross W. Judson, former chairman of the board of the Continental Motors Corporation. The amount of the settlement was given only as "11 and other valuable considerations."

Mystery about the cause for the court action was lifted with the explanation that Miss Salmon had sued for injuries received while being taken aboard Judson's yacht in August, 1920, at Presque Isle, Mich. Sailors operating the dinghy stopped suddenly, Herbert V. Barbour, attorney for Miss Salmon, explained, and Miss Salmon was thrown to the bottom of the boat, injuring her back. Barbour said no definite amount had been agreed to in the settlement, but that Miss Salmon would be reimbursed for her doctor bills and hospital expenses. Miss Salmon claims her injuries prevented her from going on the stage in New York.

## KINSEY DELAYS DISCUSSION ABOUT LINDELL-UNION CIRCLE

Going to Review Whole Matter When Public Service Board Returns From Vacation.

President Kinsey of the Board of Public Service told the board today that he would discuss with it in about a month the controversy over the circular pathway in the middle of the new Lindell-Union viaduct. Safety Council has urged removal of the circle as a hazard and a cause of traffic congestion. Kinsey has steadfastly defended the circle for esthetic reasons.

"There has been a lot of comment in the newspapers," Kinsey said, "about the Lindell-Union circle. I want the board to know that when all the members are back from their vacations I am going to review the whole matter with the board. There has been a lot of misinformation printed."

Director of Streets and Sewers Brooks is abroad, Director of Public Utilities Frickard is away on vacation and Director of Public Welfare Salisbury will leave tomorrow for a month's vacation. Kinsey and Director of Public Safety Steininger are the other board members. Apparently Kinsey hopes to convince the board that the circle should be retained. Brooks has questioned the desirability of the circle.

## YOUTH WITH PISTOL TAKEN IN TRAP FOR EXTORTIONIST

Denies He Demanded \$150 From President of Independent Bottle Co.

A youth who approached Gordon Matusefsky at Delmar boulevard yesterday when the latter went there, followed by detectives, to trap an extortionist who had demanded \$150, was arrested and is held on a charge of possessing an unregistered revolver.

Matusefsky's father, David Matusefsky, president of the Independent Bottle Co., 1735 Biddle street, told police the demand for money, received over the telephone, was accompanied by a threat to damage his business.

The youth who was arrested denied attempting to extort money from Matusefsky. In the few words exchanged before he was arrested there was no mention of money.

## FEW AUTOS PASS SAFETY TEST

Only 127 of 1014 Receive O. K. Label on First Inspection Day.

In the first day of testing at the Safety Lane of the St. Louis Automobile Dealers' Association on Kingshighway boulevard at Laclede avenue yesterday only 127 cars of 1914 tested received "O. K." stickers indicating they were in safe condition.

The tests are designed to discover defects in brakes, wheel alignment, service lights, headlights, windshield wipers, horns and rear-view mirrors. The tests are free and motorists receive either the "O. K." label or a list of faults to be corrected.

## FOUR FOUND DEAD IN BURNED AUTO ON MICHIGAN ROAD

Willis Police Think Two Boys and Two Girls Were Murdered and Their Car Set Afire.

By the Associated Press.

ANN ARBOR, Mich., Aug. 11.—The bodies of four persons, all thought to have been murdered, were found burned in an automobile on the road marking the Wayne-Washtenaw County line near Willis early today.

The victims were identified as Thomas Wheatley, 16, who lived near Denton; Harry Lore, also about 16, of Ypsilanti; Vivian Gold, 15, and Anna Harrison, 17, the last two of Cleveland, O., who were visiting the Lore home in Ypsilanti.

The bodies were identified by Harry Wheatley, father of Thomas, who recognized two keys found near the car, as the property of his son. He also identified a belt buckle worn by Lore. The car belonged to Wheatley.

Sheriff Jacob B. Andres and Coroner Edwin C. Ganshous of Washtenaw County and State police said they thought the young people were killed by robbers and then the automobile was set afire.

A farmer discovered the automobile. The four bodies were in the rear seat. The officers said their position indicated that they were placed there after they had been killed.

Harvey Santure, the farmer who saw the automobile burning, said he saw tracks of another car in the road. This vehicle had been driven past the Wheatley car, then turned around and returned to it. Santure said the tracks indicated the other had stopped at the scene and then been driven south over the narrow lonely road.

On the ground near the burned automobile were found a woman's slipper, purchased in a Cleveland department store, and a watch belonging to one of the boys. The watch had stopped at 5:05 a. m.

A wrench which officers believe may have been used by the assailants, was found near one of the victims.

The coroner said the bodies probably stood in pools of oil or gasoline and then set afire.

The automobile was standing upright and was undamaged except by flames. There were indications in the car and in a ditch beside the car that there had been a struggle. Bushes and weeds at the roadside had been tramped down and the officers said they found stains on and near the car.

The flames demolished the body of the car and broke all the glass in the windows.

Officers learned that Thomas Wheatley called at Lore's home about 7 o'clock last night and the two boys and girls left a few minutes later, saying they were going to a motion picture show. The girls were said to be Lore's cousins, who were visiting Ypsilanti. The mother of Lore, who is an employee in a Ypsilanti garment factory, said she brought the girls back from Cleveland last Saturday.

The bodies of the victims were removed to the University of Michigan for examination to determine how they were killed.

## NOTE FOUND IN ARCTIC LEFT BY AMERICAN

Explorer Baldwin Recalls Message, Just Discovered, He Wrote 29 Years Ago.

By the Associated Press.

WASHINGTON, Aug. 11.—A white haired man of 65, Evelyn B. Baldwin, recalled yesterday how 29 years ago in the Arctic wastes he wrote the message that was discovered Sunday by members of the crew of the Russian icebreaker Malign.

From a swivel chair in the historical section of the Navy Department, the former explorer recalled his adventure in the Franz Josef Land archipelago.

The date of the letter—July 2, 1922—recalled to Baldwin the circumstances in which it was written although it was only one of several notes which he left in the Arctic to guide future explorers to hidden caches of provisions.

"At the time that message was written," he said, "my crew of 41 men and myself were waging a ceaseless struggle to fight our way through surrounding drift ice to open water on our way back to civilization. July 1, 1922, our steamer, the America, took her departure from Camp Ziegler on Alger Island on our homeward voyage.

"During the time of embarkation heavy drift ice closed in around the vessel. For 16 days we struggled, with the aid of steam, dynamite and muscle, to get through the ice which blocked Abardere Channel for about 15 miles south of Camp Ziegler. We made less than a mile a day.

"On the second day I made my way to a tiny island southwest of Alger Island and called, I think, Matilda Island. It occurred to me that other explorers in more dire need than ourselves might at some time be coming that way so I left directions for finding a liberal cache of condensed foods.

Baldwin said he had followed this practice consistently during his year in the North and had been rewarded by information the following year that his forethought had resulted in saving the lives of the members of a party lost in a storm without provisions.

Baldwin said he thought many of his caches and messages still remained in the North.

"There were six or seven of them," he recalled, "one near Ettridge Island, one at Cape John F. Dillon and others northward as far as Crown Prince Rudolph Land, where our northernmost depot of about 50,000 pounds of condensed food was situated."

Moscow dispatches yesterday said the icebreaker Malign had wreacked that on Aug. 9 she

## REAL ESTATE MAN ROBBED BY PROSPECTIVE TENANTS

Says Two Men Got \$800 in Jewelry and \$2.75 in University City Apartment.

Jack Rosenblatt, a real estate dealer living at 6300 South avenue, Clayton, reported to University City police last night that he had been robbed of \$800 in jewelry and \$2.75 by two men who went with him to look at an apartment in which he has a charge.

Rosenblatt said he received a call to meet them at 808 Leland avenue at 5 o'clock yesterday afternoon, and went with them to a furnished apartment on the third floor. In the apartment, they both drew revolvers and held him up, after which they bound him with a handkerchief, leaving him in the bathroom. He was able to kick on the door and summon neighbors after the men had escaped.

## GIRL'S MURDER DISCOVERED THROUGH SUICIDE'S NOTE

By the Associated Press.

PITTSBURGH, Pa., Aug. 11.—The body of a 19-year-old girl, slain by a jealous suitor a few days after she was married, was found today in weeds at Covecroft, near here. The girl, Elizabeth Valek Hart, had been shot through the heart.

The body was found on information left in notes by Joseph Snyder, 28 years old, a miner who shot himself to death. His notes said he had killed the girl because she had married another man and told where he had buried the body.

Relatives said the girl eloped a few days ago and was married at Welding, W. Va., to John Hart of Oakdale, a suburb of Pittsburgh.

Record Price for Lettuce.

Record high prices for lettuce were established on the market here today with the California product selling for \$5 for four dozen heads, and Colorado lettuce at \$6 for four dozen. Two carloads of lettuce from California and two from Colorado were sold readily. General scarcity of the crop has been noticeable for the past 10 days with shipping centers sending out nearly 50 per cent under the normal amount.

## East St. Louis Mayor and Druggist In Dispute Over Ice Cream Banner

Doyle Denies Cut-Rate Competition With His Refreshment Plant Caused Order Against Merchant's 'Ad.'

A canvas banner advertising cut-rate ice cream sold by a retail druggist at 1600 State street, East St. Louis, which he manufactures in competition with large producers, has been removed by order of James T. Crow, Street Commissioner of East St. Louis. Crow was elected in April on the ticket of Mayor Frank Doyle, president of the Home Ice Cream & Ice Co., largest ice cream producers in East St. Louis.

Joseph Skye, the druggist, today said that since he installed his own ice cream plant, Mayor Doyle had been harassed by city and State inspectors and a union official "placing obstacles" in the way of his ice cream business.

Skye exhibited a letter from Commissioner Crow on July 29, giving permission to erect the banner, which was strung from his store to the top of the building opposite. It was erected by an awning company licensed by the city.

Banner Ordered Down.

Five days later Skye received another letter from Crow stating in regard to the permit issued, "I find I have exceeded my authority in issuing same." The letter directed Skye to take down his banner and quoted city ordinances prohibiting signs that extend more than three feet from the building line.

"The enforcement of the ordinance against me is discrimination," Skye declared. "During the election, Mayor Doyle himself had a banner hung across the street from his campaign headquarters."

Other candidates had banners in every main street downtown. Before and since the election, downtown merchants conducting sales

have hung banners. It is also plain that the ordinance is a safety measure against heavy metal signs."

Mayor Doyle said he had nothing to do with visits of inspectors or union officials to Skye. "I know why his permit was withdrawn, but I am not going to tell why," the Mayor added. "If Skye doesn't like not being permitted to string a banner across the street, that's just too bad."

Mayor Alleges Prejudice.

"The permit was not withdrawn, however, because he is making ice cream. Skye is a small competitor of the volume of business he is doing does not affect our plant. Skye is prejudiced against me personally. If neighborhood retailers cut the price of our ice cream, they did it to meet his price, and nothing wrong in that."

Skye related that after he began to do business, the State police called on him and had been "scolded," but reported that the State laws were being complied with.

"Next came a union official who told me I would have to raise the price and employ union drivers or the drivers at the Home plant would have to take a cut in pay. A city boiler inspector then came who complained about the valves on my machinery. An electrical inspector came next. Last week a city license inspector told me I'd have to take out a manufacturer's license costing \$150 a year. The next day he said it was only \$50."

Skye's banner read, "Skye-made Ice Cream, 3.50 a Quart. Sherberts and Ices, 2.25 a Quart. Free Delivery, 7 a. m. to Midnight." Neighboring competitors have cut their price from 50 to 25 cents a quart.

reached the island which was the base of the Baldwin exploring party and found a bottle containing a letter written by Baldwin and dated July 2, 1922. The letter gave the position of a granite cache near by. The icebreaker also reported the discovery of four hitherto unrecorded islands in the region of the Franz Josef archipelago.

A. C. DINKY, EX-PRESIDENT OF CARNEGIE STEEL CO., DIES

Brother-in-law of Charles M. Schwab Rose From Water Boy to Head of Firm.

PHILADELPHIA, Aug. 11.—Alva Clymer Dinkley, former president of the Carnegie Steel Co. and president of the Midvale Co. here died today at his home in Wyncwood, a suburb, after an illness of three months. He was 65.

A brother-in-law of Charles M. Schwab, Mr. Dinkley rose from water boy to president of the Carnegie company at 37. He was one of the few surviving members of the Carnegie Veterans Association, an organization of "Carnegie's boys" headed by Schwab.

Foreign Mail Closing Time.

Parcel post for Great Britain and mails for European countries with the exception of France and Yugoslavia will close at 3 o'clock tomorrow night. Full European mails will close at 3 o'clock Thursday night, although letters dispatched by air mail at 3 p. m. Friday will be in sufficient time. Closing times are set for the main Postoffice, Eighteenth and Walnut streets.

## NAMED AS SLAYER OF WOMAN SHOT TO DEATH IN BED

Joseph Stetson, 31, Pipe Fitter, Charged in Coroner's Verdict With Killing of Lillian Cole.

Joseph Stetson, 31-year-old pipe fitter, was named by the coroner's jury today as the slayer of Lillian Cole, murdered in her bed after she had been awakened from sleep early yesterday morning in a rooming house at 4159 Delmar boulevard.

Mrs. Dorothy Burnett, proprietor of the rooming house, identified Stetson as the man who called her to the door at 2:45 a. m., forced his way past her, entered Mrs. Cole's room, and shot her twice in the presence of Mrs. Burnett, her husband, Earl Burnett, and a man who occupied the room with Mrs. Cole and had been introduced by her as her husband.

Another witness testified that earlier in the evening Stetson had had an appointment with Mrs. Cole and had later accused her of stealing his watch. Stetson, who is married and lives at 8811 St. Louis avenue, St. Louis County, made no statement either to police or coroner. He was ordered held without bond for the grand jury.

Mrs. Burnett testified that an hour and a half before the shooting Stetson visited her rooming house, had Mrs. Cole called to the front hall and there accused her of stealing his watch, a charge she denied.

"He left," she said, "but he came back just before 4 o'clock. He rang the doorbell and when I answered it he pushed past me. He was holding a white handkerchief over his face and carried a pistol in his hand."

"He made my husband go with me to Lillian's room. Jack Cole, Lillian's husband, was in bed with her. He got up as we came in and sat on the edge of the bed. Someone had turned on the lights."

"Then Lillian woke up and said 'What's the matter?' Stetson began cursing her, horded us into one corner, made us hold up our hands, and fired three shots at her. Then he ran out of the house."

Under cross examination, Mrs. Burnett declared she could not be mistaken about her identification of Stetson, that she had met him prior to the shooting.

Frank Kelly, 2943 Lafayette avenue, testified he met Stetson Sunday evening or early yesterday in a Delmar boulevard saloon. From

—Associated Press Photo.  
MRS. RIZA MARKS STERNBERG, DIVORCED wife of the film director, Joseph von Sternberg, who has sued the German motion picture star for \$600,000 for libel and alienation of affection. Miss Dietrich, "discovered" by von Sternberg, denies the charges.

there they drove a few blocks on Delmar boulevard and met a woman known to them as Dora Cox, who resides at 4223 Delmar boulevard.

With Mrs. Cox was Mrs. Cole, Stetson and Mrs. Cole, he said, visited Mrs. Cox's home. Mrs. Cole left the party but the other three returned to the saloon where Stetson discovered his watch was missing.

"We went to Mrs. Cole's place about 3 a. m.," Kelly testified. "Mrs. Cox and I waited outside for a while in my car, but Stetson didn't come back and we finally drove away. We left him there."

This according to Mrs. Burnett, was Stetson's first visit to the house, when he accused Mrs. Cole of taking the watch.

Police records show Stetson has been picked up 27 times and has served one prison sentence. In May, 1922, he was sentenced to serve three years in the penitentiary for burglary and larceny but was allowed to serve the term in Booneville Reformatory. In June, 1919, he was sentenced to five years in prison for robbery but the conviction was reversed by the Supreme Court and the charge was dropped subsequently.

## CARELESSNESS VERDICT IN ONE-MAN CAR DEATH

Motorman Released on Bond Pending Presentation of Case to Grand Jury.

A coroner's verdict of criminal carelessness was returned today in the case of Miss Caroline Fernandez, 48 years old, who died at St. Anthony's Hospital Sunday of pneumonia and an infection resulting from injuries suffered Feb. 14, when struck by a one-man street car at Broadway and Olive street.

The verdict named Motorman James J. Vahey, 3945 Iowa avenue, Fred Hill, 2125A North Broadway testified he was the last of a group boarding the car, and he said Vahey had just completed punching a transfer and had started up when the car struck Miss Fernandez. Hill was quoted in the police report as stating that Vahey was punching a transfer at the time of the accident. He said his statement apparently had been misunderstood.

C. C. Ruskamp, 2508 North Broadway, another passenger, corroborated Hill's version, but testified that Vahey did not notice that the car had struck Miss Fernandez until he, Ruskamp, called out to the motorman to stop. Ruskamp said he was standing in the aisle behind the motorman at the time.

Miss Fernandez, who lived at 2405 Seventh boulevard, had alighted from the street car, which was northbound, and had started to walk around the front end. She was thrown beneath the front wheels and both legs were so badly crushed that amputation was necessary. She also suffered a head injury.

Yah did not testify on advice of counsel, and was released on bond pending presentation of the case to the grand jury.

The Street Car Men's Union and various other labor organizations have protested to city officials against one-man operation of street cars and double-deck busses on the ground that the multiple duties required of a single operator make the vehicles dangerous to pedestrians and other traffic.

## ST. LOUIS POST-DISPATCH

Shot Woman Fatally in His San Francisco Apartment.

By the Associated Press. SAN FRANCISCO, Aug. 11.—Irving Kennedy, radio singer, was arrested on a murder charge here yesterday after police said they were not satisfied with his explanation of his fatal shooting of Mrs. Pauline Hopkins in his hotel apartment Sunday night. Mrs. Hopkins died yesterday.

Kennedy told police he went to his hunting bag and got his pistol and showed it to Mrs. Hopkins, who he said, was afraid of firearms, and told her she ought to learn to use the weapon. He said she must have grabbed it because there was an explosion. In a dying statement Mrs. Hopkins said the shooting was an accident.

### MEN SOUGHT HERE

### SENTENCED IN CHICAGO

Three Involved in St. Louis Street Shooting in Which Bystander Was Killed.

Special to the Post-Dispatch.

CHICAGO, Aug. 11.—Three young men, who recently confessed they held up the Hynes-Weaver shirt store at 701 Pine street, St. Louis, April 29, and fired on the police who pursued them, one man being killed and three persons wounded in the street shooting, were sentenced to Joliet prison yesterday for robberies committed here. Their terms are indeterminate, from one year to life.

Joseph Koopchik, 20 years old, was sentenced on eight charges of robbery; Nick Bertnick, 22, on five robbery charges; and Joseph Berkowski, 27, on one robbery charge. St. Louis prosecuting authorities recently asked that the three prisoners be turned over to them, for trial in Missouri courts on a murder charge resulting from the street killing. State's Attorney Swanson refused the request, being unwilling to dismiss the Chicago charges, which would have been necessary in yielding the prisoners to another state.

The three are from Chicago, and committed the St. Louis downtown robbery on a visit there. They returned to Chicago, and were arrested with seven others in a roundup following a series of Chicago crimes. Fifty-four sworn complaints of robbery, with identifications, were made against the various members of the group.

Koopchik and Bertnick were wounded in their fight with the St. Louis police, following the attack on them by Traffic Patrolman Oscar Dreckschlag, who walked in on the store robbery. It developed from the prisoners' admissions that Bertnick fired the shot which killed Clarence Cundiff, young civil engineer, at Eighth and Market streets.

### BADLY HURT IN GLIDER CRASH

Captain Was Caml Zone Entry in National Contest.

By the Associated Press. ELMIRA, N. Y., Aug. 11.—Capt. Thomas Phillips, Panama Canal Zone entry in the national contest here, was seriously injured in the crash of a glider here yesterday.

His skull was fractured, both feet were crushed and his ankles broken when both wings of his ship tore off as he zoomed to avoid a high-tension line after a takeoff from South Mountain. The fuselage rolled 150 feet after dropping from the wings and buried its nose two feet in the earth, with Phillips underneath the wreckage.

### OF JEWELS, LEFT IN WEEDS

Christian Science Practitioner Lured by Woman Who Asked Aid for Dying Child.

By the Associated Press. FLINT, Mich., Aug. 11.—Police are searching for a man and a young woman who kidnaped Mrs. Belle Browning, 60 years old, Christian Science practitioner, last night, robbed her of \$1500 worth of jewelry and left her bound and gagged near the city limits. Mrs. Browning released herself

and notified police by telephone. She said a woman called her by telephone in the early evening, said her baby was dying and asked aid. A woman in an automobile called for her a few minutes later. When they reached a dark road, Mrs. Browning said, the woman stopped and a man rose from the tonneau, where he had been concealed. At the point of a pistol, she said, he stripped the rings from her fingers and took her purse. Then the woman and the man bound and gagged her and left her in the weeds at the roadside.

# Here's MILEAGE on the Bargain Counter

Take a look at the amazingly low Goodyear Pathfinder prices listed here—mileage is certainly on the bargain counter.

Never in the history of the automobile have good tires been priced so low.

You can have all the values of Supertwist cord, of Goodyear craftsmanship—long wear, safe riding, trouble-free performance—so cheap that anyone can afford them.

Peace of mind costs so little now that it's an ideal time to outfit that car of yours with new Pathfinders all around—a whole new set.

Don't take a chance on the hazard and worry of threadbare

tires any longer—you don't need to, with prices like these.

You'll find these handsome sturdy Pathfinders a real bargain buy, not alone because of their low cost, but because they're Goodyear calibre through and through.

## AMERICAN RETAILERS

### VIEW STYLE PAGEANT

Head of Association Tells Convention That Better Salesmanship Is Needed.

About 600 retail merchants, including some women, were registered today at the American Retailers' Association's semi-annual convention at Hotel Jefferson. The members will attend the Municipal Opera tonight and tomorrow night will hear Branch Rickey, vice-president of the St. Louis National League Baseball Club, speak on "Knocking Home Runs In Business."

Officers will be elected at the final session of the convention Friday night. A fall style pageant was presented last night and will be repeated tomorrow and Thursday nights.

Speakers last night were Wroe Alderson, chief business specialist of the United States Bureau of Foreign and Domestic Commerce, who discussed present day opportunities for independent merchants. He has been conducting a drug store survey in St. Louis for several months.

J. D. Currethers, Oklahoma City, Okla., president of the association, said better salesmanship was necessary to overcome buying lethargy and that the merchant who adjusted himself to present conditions during 1931 without showing a loss was doing well.

Eleven directors were elected last night. They are: A. G. Baldridge, Fulton, Ky.; C. H. Burnett, Eldorado, Ill.; Robert Coe, Waverly, Ill.; W. A. Florence, Marietta, Ga.; G. W. Goudelock, Hartsville, S. C.; A. S. Johnson, Shamrock, Fla.; H. L. Maddox, Cookeville, Tenn.; Hugh Massie, Waynesville, N. C.; Reagan Owen, Athens, Tex.; Louis Weisberg, Longmont, Colo., and Currethers.

## MOONSHINER PAROLED TO HELP TRACK DOWN MURDERER

Peoria (Ill.) Man Let Out of Leavenworth to Aid in Iowa Investigation.

WASHINGTON, Aug. 11.—The Justice Department disclosed yesterday that President Hoover has commuted the sentence of a Peoria (Ill.) liquor law violator, Earl Ogden, in order that he may help track down an Iowa murderer. Ogden has been free from Leavenworth penitentiary since July 23.

Justice Department officials disclosed further that the State of Iowa, through its Attorney-General, had asked formally for Ogden's freedom. However, a letter addressed to Attorney-General Mitchell, setting forth the reasons for this request, was closely guarded. Officials declined to name the murder case in which the former still operator's co-operation was desired.

It was said the commutation of Ogden's sentence would not operate in the usual fashion, but would more resemble a parole, placing him under the authority of the director of the Iowa State Bureau of Investigation.

"The commutation is conditional," one official said, "and if Ogden's actions should transcend any of the rules laid down he may be sent back to prison."

Ogden would not have been eligible for parole until December of this year. Nearly two years was taken from his term by the presidential action.

## TWO FAIL TO MAKE BOND ON SYNDICALISM CHARGES

Man and Woman Jailed at Harlan, Ky., Scene of Coal Mine Troubles.

HARLAN, Ky., Aug. 11.—Mrs. Jessie Wakefield, Chattanooga, Tenn., and Arnold Johnson, New York, were ordered to jail here yesterday on failure to make \$10,000 bond each after arraignment on charges of criminal syndicalism in connection with activities in the Harlan coal fields.

Jason Alford was held to the grand jury in \$5000 bond on criminal syndicalism charges and William Duncan waived examination on similar charges and was held in \$1000 bond. Duncan and Alford made their bonds.

Mrs. Wakefield, a representative of the International Labor Defense, and Johnson, a representative of the American Civil Liberties Union, were ordered held in \$5000 bond on the syndicalism charge and on \$5000 peace bond each. They were arrested last week. About 25 men are held under more than 100 indictments for murder as a result of the controversy between operators and miners which culminated in the ordering of national guardsmen into the fields last May. The troops were removed several weeks ago.

Fullerton Luedde, 16, also of St. Louis, said he was opening the magazine of the rifle while Birge stood by, reaching in his pocket for a fresh cartridge. The boys were hiking near Georgetown. Birge was treated at a Denver hospital.

Birge resides at 5501 Waterman avenue, and Luedde is the son of Dr. W. H. Luedde of 5556 Vernon avenue, who has a summer home at Georgetown, Colo.

## SIX DIE IN BOAT WRECKS

Small Craft Overturned by Sudden Tempest Off French Coast.

By the Associated Press.  
TOULON, France, Aug. 11.—Six persons lost their lives in boat wrecks off the coast of Provence in a sudden tempest Sunday morning. Dozens of fishing boats were wrecked. Among the victims of the storm were Paul Mandrone, who was blind, and his daughter. With his daughter's fiancé, an officer in a colonial regiment.

**'AKRON' IS CLIMAX TO 15 YEARS' WORK**

**Giant Dirigible Result of Vision by U. S. Navy During World War.**

By the Associated Press. WASHINGTON, Aug. 11.—First flights of the dirigible Akron this month will climax 15 years of active interest by the United States Navy in rigid airships.

The giant air cruiser, designed to be faster, stronger and larger than any other in the world, embodies dreams that were spun from German Zeppelin successes in the war. It is the first of two dirigibles in whose construction the navy sees not only the development of powerful weapons to augment its fleet, but the building of an industry for commercial interests to take up the airship as a transoceanic vehicle.

There was little to begin with in 1916 when the navy had its vision. Naval attaches abroad were able to send only meager information in special airship materials. From Scandinavia, where two Zeppelins were wrecked, came samples of light, but sturdy girder metal, duralumin.

**Preliminary Design.**

The first preliminary design of a rigid airship contemplated a craft nearly one-tenth as large as the Akron. It was carried to a point where sample aluminum girders were made up and tested.

Not until 1918 was the navy able to get comprehensive information on airships in the form of plans and descriptive booklets made by the French from a German airship forced down intact.

Previously the Government's airship policy had been defined by a joint army and navy body, called the Zeppelin Board, which recommended that rigid construction be established on a sound basis and that the Navy Department was the logical organization to handle the work.

First steps were taken in 1919 when the ZR-1, later christened the Shenandoah, was planned as a general copy of the German L-49 that had been forced down in France.

**English Ship Bought.**

The act authorizing the airship also gave funds to purchase one abroad and to build the nucleus for a complete airship construction and experiment station at Lakehurst, N. J.

Purchase of the English R-38, to become the American ZR-2, was authorized in 1920. In 1921, while undergoing its fourth trial flight, the ship was wrecked.

The Shenandoah, incorporating changes resulting from the latest practices in England and Germany, was completed in 1923, a year after negotiations were completed for delivery without cost to the United States of a German Zeppelin to be the ZR-3.

The ZR-3 was flown across the Atlantic in 1924 and christened the Los Angeles. A year later it became the navy's sole rigid when the Shenandoah crashed over Ohio.

To keep abreast of developments the navy went ahead to design another ship, though no construction program had been drawn up. The plans became the basic design of two new craft, the ZRS-4, or Akron, and the ZRS-5.

**A Flying Laboratory.**

"The Los Angeles has been operating practically continuously as a sort of flying laboratory for training of personnel and gaining further knowledge of airships," says Commander Garland C. Fulton, head of the Bureau of Aeronautics' lighter-than-air section.

"The major lessons she has taught are reflected in the design and construction of the ZRS-4. Mechanical handling and mooring methods have been brought to a point unexcelled in the world."

Assembly of the ZRS-4 was officially begun Nov. 7, 1929, when Rear Admiral W. A. Moffett, chief of the Bureau of Aeronautics, drove a golden rivet into the master ring. Completion this month is to be followed by trial flights during which the navy will determine whether the ship will be accepted.

If acceptance is given the ship will be flown to Lakehurst and be commissioned, leaving the Goodyear-Zeppelin dock at Akron free for the construction of the ZRS-5.

**HELD IN DROWNING INQUIRY**

Deckhand Not on Boat From Which Negro Disappeared, He Says.

Police investigating the drowning of Thomas Taylor, 35, a Negro, whose body was found yesterday in the Mississippi River near Jefferson Barracks, arrested another Negro, with whom Taylor had a dispute last week.

Taylor, a deckhand on the Steamer St. Paul, was missing shortly after the steamer left the foot of Washington avenue last Saturday evening. Police are investigating on the theory that he may have been shoved overboard. The Negro under arrest, also a deckhand, denied he was on the boat Saturday night, explaining that Taylor had succeeded him. There were no marks of violence on the body.

**Utility Would Issue Bonds.**

By the Associated Press. JEFFERSON CITY, Mo., Aug. 11.—The Empire District Electric Co., operating in southwestern Missouri, today filed application with the State Public Service Commission for permission to issue \$1,415,000 in its first mortgage gold bonds, due in 1955.

The Empire now has \$11,604,000 of such bonds outstanding, its application reported. The new issue is sought to reimburse the company treasury for expenditures for improvements and additions.

# Say "hello" to HOLLYWOOD

**3 minutes . . . \$3.50**  
(station-to-station rate after 8:30 p.m.)

## Say to Long Distance:

"I'm calling Hollywood." Then give her the number if you know it or say: "I'll talk with anyone who answers at the home of (name of friend)."

That's how to place a station-to-station call. Usually the call goes through while you hold the line.

## Tip on rates

Such calls cost less than calls on which you ask for a specific person. After 8:30 p. m. station-to-station rates are in most cases little more than half the day rate.

Use station-to-station service when you are reasonably sure the person you want will be near the called telephone.

## EXTENSION TELEPHONES

### In the kitchen

Order groceries, answer calls, visit friends, without leaving your work.

### In the bedroom

Answer calls at midnight from a bedside telephone.

### In the living room

Telephone from your easy chair.

### In guest . . . or sun room

Carry a portable telephone to either room, as you need it. It plugs in a wall socket, like a floor lamp.

An extension costs per month . . . \$1.00  
(Small charge for installation. Handset extra.)

## Long distance bargains

(Station-to-station rates after 8:30 p. m. for 3 minutes)

Evansville (Ind.) . . . . .	50c
Burlington (Iowa) . . . . .	50c
Springfield (Mo.) . . . . .	60c
Memphis (Tenn.) . . . . .	70c

## A telephone

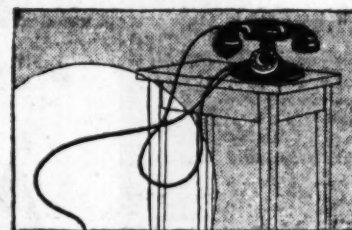

1. Keeps you in touch with friends
2. Puts your name in the directory, so friends can keep in touch with you
3. Calls doctor, police, fire department
4. Orders groceries, department store bargains, goes for the plumber
5. Carries your voice to out-of-town relatives and friends.

## MONTHLY RATES

Four-party line . . . . .	\$3.00
Two-party line . . . . .	\$3.75
Individual line . . . . .	\$4.50

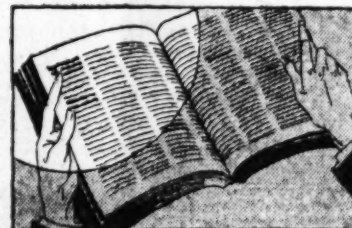

(Small charge for installation. Handset extra.)

## ACCESSORIES

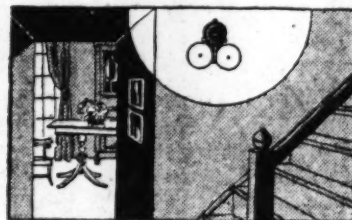

### Extra-length cords

Extra-length telephone cords allow you to move a telephone about the room. Available in lengths of 9 and 13 feet. . . 9-foot \$1.50, 13-foot \$2.50. No monthly charge.

### Additional directory listings

If you live with relatives of another name, list your name with their telephone number. With your name in the telephone book, friends can reach you easily. Cost 25 cents a month.

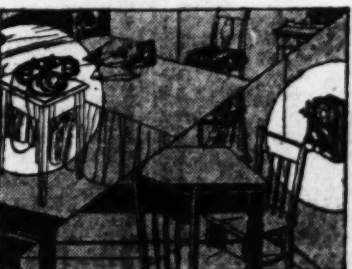

### Extension bells

If you have an extension bell near the back of the house, you can easily hear the telephone ring when you're in the garage or the garden. Extension bells save important calls.

### Cut-off keys

If you have more than one telephone, you'll find a "cut-off key" handy. It "cuts off" one telephone while you talk . . . in privacy . . . over the other, or silences the upstairs' telephone bells so afternoon naps will be undisturbed.

### Talk from room to room

Have your telephone arranged so you can talk from one part of your home or office to another. We'll gladly make a free analysis and recommend a simple, economical arrangement for you.

**Catholic Dry Leader Dies.**  
By the Associated Press.  
TORRINGTON, Conn., Aug. 11.—  
The Rev. P. J. O'Callaghan of  
Oakland, N. J., national president

of the Catholic Total Abstinence  
Union, was found dead in bed today  
in a local hotel. He had come here  
to attend the national convention of  
the order. He was 66 years old.

## SUIT TO BLOCK SALE OF PACKING FIRM FAILS

Injunction to Halt Deal by  
Swift & Co. for Independent  
Plant Denied.

An injunction to restrain sale of  
Independent Packing Co. to Swift  
& Co. was denied yesterday by Cir-  
cuit Judge Hamilton and stock-  
holders of the company will vote  
on the proposal tomorrow.  
The injunction was sought by Dr.  
Joseph Knichel, a stockholder, on  
the ground that the price offered  
was "grossly inadequate." His re-  
quest that a temporary receiver be  
appointed was denied also.  
Swift & Co. offers to pay \$1,500,000  
for real estate, buildings and  
equipment of the Independent com-  
pany, plus the market value of  
products on hand. Louis S. Dennig,  
president and treasurer, said the  
total price would be about \$3,000,000.  
He testified at the hearing  
yesterday he was hopeful stock-  
holders would approve the sale.

Dr. Knichel, a physician, owns  
658 shares of common and 68  
shares of preferred stock of the  
company. It has 200,000 shares  
of no par value common stock out-  
standing and \$1,680,000 in pre-  
ferred. Fourteen other stockhold-  
ers with 2857 shares of the com-  
mon and 61 of the preferred stock,  
filed an intervening petition similar  
to his yesterday, but they will not  
have an opportunity to appear in  
court until next week.

Dr. Knichel charged that Dennig  
and his son, Louis S. Dennig,  
who is general manager of the  
Independent company, have con-  
trolled its affairs since 1923 and  
that under their administration it  
has been "drifting rapidly toward  
insolvency."

He cited operating losses of  
\$617,000 in 1927 and of \$704,000  
in the period from Nov. 1 to last  
May 30. Dennig, when asked to  
explain these losses, said that of  
1927 resulted from a fall in the  
price of beef and pork, and the  
more recent one from reduced in-  
ventories.

Dennig denied that the company  
was drifting toward insolvency, but  
said radical changes in marketing  
conditions and the growth of chain  
stores had made it difficult for  
independent companies to meet  
competition.

Dennig said the firm had no  
past due liabilities and had assets  
of \$4,874,184. Liabilities, aside  
from capital stock, he placed at  
\$1,735,732.

The price offered by Swift &  
Co., Dennig said, was fair. The

## EXTENSION ON UTILITY ORDER

Missouri Grants Cities Service 60  
Days on Filing of Gas Rates.

By the Associated Press.  
JEFFERSON CITY, Aug. 11.—  
The Missouri Public Service Com-  
mission yesterday granted a 60-day  
extension of time to the Cities  
Service Gas Co. before an order of  
the commission requiring a filing  
of rates by the gas pipe line takes  
effect.

The order was issued several  
days ago, to take effect yesterday.  
Since that time the Cities Service  
Co. has filed a motion for a re-  
hearing before the commission.  
Chairman Stahl said the extension  
was given to permit the company  
to prepare for arguments on the  
motion for a rehearing, as well as  
give them time to prepare for an  
appeal to the Federal courts if the  
company desired.

**Talkies Hurt Movie Musicians.**  
By the Associated Press.  
WASHINGTON, Aug. 11.—A  
rapid increase in the number of  
theaters equipped for sound pic-

tures is held by the Department of  
Labor to be "directly responsible"  
for the growing unemployment  
among theatrical musicians. The  
department yesterday cited figures  
to show that since the advent of

sound pictures nearly 50 per cent  
of the musicians employed in thea-  
ters have been displaced. The de-  
partment found that the introduc-

tion of sound pictures has dou-  
bled the chances of employ-  
ment for projectionists, or  
picture machine operators.

## QUICK EXPANSION OF NAVY PLANNED IN EVENT OF WAR

This Is Principal Change in Policy Since 1928 Statement Was Issued by Secretary Wilbur.

By the Associated Press.  
WASHINGTON, Aug. 11.—Maintenance of the naval establishment in such a state as to permit rapid expansion in the event of war is emphasized in a statement of the United States naval policy made public by the Navy Department.

The principal change in the statement, which bears the signature of Secretary Adams, from that issued in 1928 under Secretary Wilbur is a call for organization of the navy "as far as possible so that expansion only will be necessary in the event of war."

In line with this principle is an addition to the operating policy which would provide for operating "naval districts, yards, stations and bases for the maintenance of the fleet and their operation in peace so that these activities can be expanded for war."

Industrial mobilization in time of war is contemplated under another new provision. This says a part of the policy is "to determine emergency material needs; to plan for their procurement and to coordinate these plans with those of the War Department."

It is described as fundamental that "the navy should be maintained in sufficient strength to support the national policies in commerce and to guard the continental and overseas possessions of the United States."

The statement respects the previous policy that it is the intention to "create, maintain and operate a navy second to none and in conformity with treaty provisions," changing the phraseology to provide for conformance to the London treaty as well as the Washington agreement.

Whereas the cruiser building policy of two years ago definitely declared against building any more small cruisers, the new statement specifies simply that it is the intention "to build and maintain cruiser tonnage as allowed by treaty provisions."

The scope of the heavier-than-air policy is considerably enlarged to provide for operating airplanes "from aircraft carriers, battle-ships, cruisers and with marine expeditionary forces to their full authorized complement" for developing the types of airplanes best suited for "increasing the effectiveness of naval vessels, destructive attacks on all classes of naval objectives, and for scouting and patrol."

The statement also calls for determination of the "practicability and desirability of operating airplanes from all classes of naval vessels."

Among the new statements of policy are:

"To provide and operate a network of long range radio stations for communication with the fleet and merchant marine in any part of the world and direct with overseas possessions."

"To assemble the active fleet at least once a year for a period of not less than two months." (The previous policy provided for not less than three months.)

"To operate a fleet in Asiatic waters so organized and trained as to become a part of the United States fleet in war."

83 New Infantile Paralysis Cases.

NEW YORK, Aug. 11.—Eighty-three new cases of infantile paralysis were reported today to the health department of New York City. The new cases bring the total to 1497 since Jan. 1. Eight deaths from the malady were reported for the last 24 hours, bringing the total number of fatalities since Jan. 1 to 192.

## LADY MOUNTBATTEN RESCUED

Saved From Drowning When Swimming in France.

By the Associated Press.

PARIS, Aug. 11.—The Paris edition of the Chicago Tribune says Lady Louis Mountbatten, wife of a cousin of King George, narrowly escaped drowning Sunday when she was seized with cramps while swimming off Cap Antibes, France.

She was rescued by Capt. Robert Cunningham-Rand, her brother-in-law, and by Stephen Sanford, New York polo player. She was not revived for a considerable time. Lady Mountbatten, the former Edwina Ashley, was credited with being the richest heiress in England before her marriage in 1922. She visited America in 1924 as a member of the party of the Prince of Wales.

## \$1,134,500,000 Contributed By U. S. for Road Building

Nation Now Has 88,713 Miles of Highways,  
With 16,479 More Under Construction—  
Missouri Total 3057.

Post-Dispatch Bureau,  
201-205 Kellogg Building.  
WASHINGTON, Aug. 11.—Fig-  
ures which the Bureau of Public  
Roads has given the Post-Dispatch  
show that in the 15 years that the  
Federal road-aid policy has been in  
effect, the Government has con-  
tributed to the states \$1,134,500,000  
for approved highway building.  
This is exclusive of the \$50,000,000  
emergency fund advanced by the  
last Congress, not all of which has  
been expended.

Regular Federal allotments have  
grown from an original \$5,000,000  
for the fiscal year 1916-17 to \$125,-  
000,000 for the current year.

Of the \$1,134,500,000 total, Mis-

souri has received \$37,926,517. Illi-  
nois \$49,572,978, Arkansas \$19,785,-  
628 and Kansas \$32,474,739. Texas,  
with \$69,354,501, has received more  
than any other state. New York,  
with \$56,954,553, comes second, and  
Pennsylvania, with \$52,391,204,  
third. Illinois ranks fourth.

With the funds received, plus  
their own contributions, the states  
have constructed 88,713 miles of  
roads and have now under con-  
struction 16,479 miles. In addition,  
plans have been approved for a  
mileage of 2978. The total of the  
mileage built, building and ap-  
proved is 108,170.

Missouri has built 2659 miles, is  
building 311 and has 87 on the ap-  
proved list—a total of 3057.

### DETAILS OF DEATH OF TWO MEN IN 1919 ON TYROLEAN PEAK

Pair Thought to Have Succumbed  
When Playing Cards to Await  
Rescue.

By the Associated Press.  
VIENNA, Aug. 11.—Examination  
of the bodies of Edmund Anlauf,  
Austrian National Bank inspector,  
and Dr. Koban, former professor at  
Innsbruck University, which were  
found last week on Schwarzenstein  
Mountain near Mayerhofen, Tyrol,  
have made it possible for authori-  
ties to reconstruct the tragedy  
which cost the men their lives  
more than 11 years ago.

The two men were last seen on  
Dec. 11, 1919, climbing the moun-  
tain toward the Berliner shelter  
house.

The bodies were well preserved  
when found, having been buried in  
the mountain snows. They were  
discovered side by side in a snow-  
filled cleft. Between them lay a  
pack of playing cards and the last  
quarter inch of a burned candle.

It is thought they were returning  
from Schwarzenstein peak and slip-  
ped down the ice-covered

mountainside, when, recognizing  
the futility of shouting for help or  
trying to extricate themselves until  
daylight, they played cards to pass  
the time until the chill of the  
mountain air overcame them and  
they sank back, exhausted, to die.

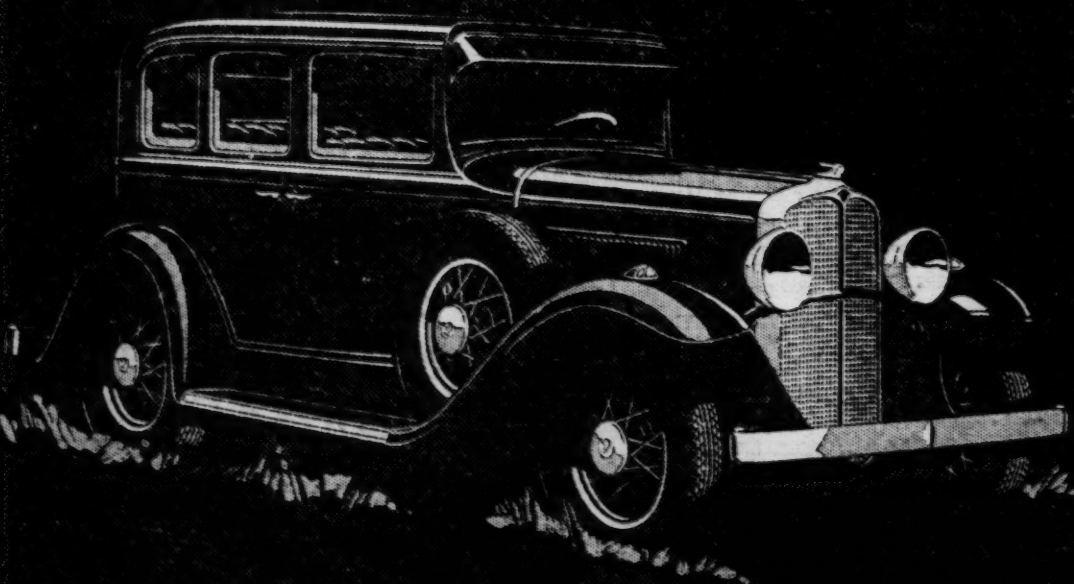

Body Found in Missouri River.  
INDEPENDENCE, Mo., Aug. 11.—  
Five men were held by police  
here today for questioning in con-  
nection with the death of Martin  
Stefan, whose body was found yester-  
day in the Missouri River near  
Cement City. Stefan was at first  
thought to have drowned, but Dr.  
C. E. Krimminger, Deputy Coroner,  
said the man had been murdered.

Two of the men held said Stefan  
had plunged into the river after an  
argument as to who was the best  
swimmer. Both said they attempt-  
ed to save him.

## TEXAS GOVERNOR IMPLIES HE WILL CLOSE OIL WELLS

Hopes Legislature Will Act and That "It Will Not Be Necessary to Use Militia."

By the Associated Press.

AUSTIN, Tex., Aug. 11.—Gov. Sterling of Texas indicated last night that he might join Gov. Murray of Oklahoma in using the National Guard to close oil wells.

In a prepared statement, the Governor said that "many citizens of Texas feel that our conservation laws are being trampled under foot and are asking the chief executive to use the militia of the State to protect them. I sincerely trust it will not be necessary to do this, but that the Legislature will find itself and finally pass such remedial measures as will meet the occasion."

The Governor declined to amplify that statement.

The Governor said Charles West, a representative of Gov. Murray, would be here for a conference today. A top price of \$2 cents a barrel now is being paid for petroleum in the Mid-Continent area. Agitation for higher prices throughout the area has resulted in a voluntary shutdown on the part of many independent producers in Kansas, Oklahoma and Texas.

The Texas Governor's threat to "use the militia" follows the failure of a special session of the Legislature to enact laws to relieve oil market congestion. Much of the overproduction is attributed to the heavy flow of the new East Texas field.

Indications are that the Legislature, called to consider the oil situation will adjourn soon.

Only one of Gov. Sterling's proposals to halt oil price slumps was salvaged from the three weeks of legislative strife. The House concurred in Senate amendments to a bill which would prohibit railroads or pipe lines from transporting oil produced in violation of the Texas Railroad Commission's orders.

It was the first oil bill passed by both houses. The Senate killed a conservation measure passed by the House. Both houses killed the Governor's proposal for a separate conservation commission.

Cheering news for oil operators came today from Topeka, Kan., where the Public Service Commission issued an ultimatum to refiners to raise the price of oil to at least 40 cents a barrel or face a hearing from which an official shutdown order may issue.

**Oil Production in Midcontinent Area Increases in Week.**

By the Associated Press.  
TULSA, Ok., Aug. 11.—Eastern Texas crude oil production mounted to a new level last week, leading the way for an increase of 61,284 barrels in the United States' daily average output for the week, the Oil and Gas Journal reports, estimating the country's production at 2,551,807 barrels.

The yield of Eastern Texas climbed to 654,246 barrels, an increase of 56,695 barrels over the preceding week's average. Oklahoma production fell 8895 barrels to 420,835 barrels. Kansas production was placed at 101,320 barrels, a gain of 2390 barrels.

The figure for the entire mid-continent area was 1,634,904 barrels, an increase of 54,092 barrels. Eastern production was constant at 105,000 barrels. The Rocky Mountain area showed a gain of 1548 barrels, with an output of 94,441 barrels. California production increased 61,000 barrels to a total of 507,000 barrels.

**FAKE 'OLD STUFF' LIQUOR SEALS Equipment Is Discovered in Raid at Cleveland.**

By the Associated Press.  
CLEVELAND, O., Aug. 11.—Several tons of rocks, labels caps and wrappers were seized by police in a raid on a liquor packing plant yesterday.

There were thousands of fake Government seals certifying that the contents of the bottles they were to embellish had been made "under Government supervision" between 1918 and 1927. The corks were branded with the marks of foreign distilleries and the wrappers were water-marked. There were "tamper-proof" caps, straw for wrapping champagne bottles, and sawdust to be sprinkled on bottles of gin. Names on the labels were reminiscent of the past: "Old Colonel, Coon Hollow, Three Star Hennessy, Log Cabin, Hiram Walker and Sheriff's Gold Bond."

**Shots Fired Into Cleaning Shop.**  
Three shots were fired last night through a 150 plate glass window at the branch office of Howard Cleaners, Inc., 4044 South Grand boulevard.

## WOODEN BLOCKS REMOVED IN REPAVING SOLD FOR FUEL

Washington Boulevard Contractors Dispose of Them at 50c to \$1 Truckload.

Wooden blocks removed in the repaving begun yesterday on Washington boulevard, from Jefferson to Grand avenue, are being sold for 50 cents and \$1 per truckload to facilitate their removal. When new bids were called for

on this project the city reduced its estimate by \$200 because it decided the contractor would not have to haul away the old blocks, but could give them to residents of the vicinity for fuel.

Work on the street progressed rapidly yesterday as several trucks were always in line to buy the fuel. Blocks unsold will be stored by the construction company and sold during the winter.

Painted Eyes for Blind Soldiers.  
PHILADELPHIA, Aug. 11.—David Finklegreen, 44 years old, who won fame during the World War for his skill in painting artificial eyes for blinded soldiers, is dead at his home. At the outbreak of the war, Finklegreen went abroad, where French physicians enlisted his skill in their work of rehabilitating wounded soldiers. He painted thousands of glass eyes.

# CROPS IN MISSOURI SHOWING INCREASES

Larger Production Than in 1930 for Nearly All Indicated—High Wheat Yield.

By the Associated Press.

JEFFERSON CITY, Aug. 11.—A report issued by Jewell Mayes, Secretary of the Board of Agriculture, and E. A. Logan, United States Agricultural statistician, shows that nearly all crops in Missouri are showing larger productions for the year than in 1930, despite dry conditions in many localities during June and July.

Corn, reported at 77 per cent or normal, will produce 165,537,000 bushels, averaging 27 bushels to the acre. This is a drop of 15,353,000 bushels from the estimates made a month ago.

Logan and Mayes said the report was based on conditions Aug. 1, and did not take into account the favorable rains during the first weeks of this month. The August rains should help to fill the corn better than anticipated at the end of July, said the report. Missouri corn stood the dry weather of July better than in 1930.

Wheat threshing is mostly completed, showing an average yield of 20 bushels to the acre, the highest on record in this State. Total production reached 27,280,000 bushels compared to 17,052,000 bushels a year ago. Around 80 per cent graded No. 1 and No. 2.

The grand total of corn, wheat and oats for 1931 is estimated at 246,397,000 bushels, compared to 135,647,000 last year. The increase was in all three major crops.

Hay crops of all varieties are more promising than last year, indicating 3,641,000 tons, against 2,489,000 in 1930. Prospects are good for soy beans, cowpeas and sorghums.

Apples, peaches and pears, the three leading fruit crops, show a prospect of 10,925,000 bushels compared to 2,193,000 last year, although dry weather of June and July may result in the fruit being small.

Cotton production indicates 240,000 bales compared to 151,000 in 1930, with prospects the best for several years.

An increased acreage in the tobacco fields is expected to increase the yield over last year. Strawberry production, owing to dry weather during picking season, was less than 1930. Dry weather also reduced the Oriskany potato crop.

Oats averaged 20 bushels to the acre for a grand total of 53,580,000 bushels, against 44,660,000 last year.

## CARDINAL STREET SAYS CLUB WILL 'BEAR DOWN' IN THE EAST

By J. Roy Stockton

BROOKLYN, Aug. 11.—Rays forced a postponement of the Cardinals' opening game with Brooklyn Robins, and a rain, who is working well to the opening assignment of the world series, got another rest. This is the Redbirds' first east and the washed-out game will be played off in a double tomorrow.

"We're going to do everything possible to clinch the pennant this trip," Manager Street said this morning. "My pitching staff is in wonderful condition. Names that confront us, and are through with Brooklyn, Philadelphia and St. Louis. I believe the last bit of the outcome of this series will have been removed. Tomorrow, Hallahan in the game and Grimes or Johnson in the final. Brooklyn can't win all right. He's knocked out of the box twice. We were here last, but this time happened to be hitting us on the run and the hitting everybody. But we're hitting ourselves. We're doing when we were last before and I anticipate trouble."

Might Save Glimmer. "I may decide to save the New York series. Says has been strong against Atlanta, and if I don't use Brooklyn I may use him first game at the Polo Ground. If I don't use him, I'll use the Robins, John. The assignment and he's been tough for Brooklyn. William Watson, Clark, and the Cardinals from New York. That's about all that's been talked about. And the red hot arguments."

Rush's Game. There was a long talk about Guy Rush's one-hit game. Some persons contended that he deserves a place in the team, that he should have been credited with a no-hit game. But off the Cub right away was a slow roller. Rush by George Watkins, started to swing at the ball and to draw his bat back, wouldn't, and hit a slow short. George started quickly. The official scorer gave him the official score. Because in his judgment, he could have beaten the three English had made a clean strike. There thought that Watkins had been retired and called on to the fact that English was one of the best arms in the game. English had then did not throw, but he had no chance to win.

There also was a long talk over the Saturday game, the Cardinal victory was by Foster Johnson. Jim went to the hill in the first inning with the score 7 to 0 in the Cardinals' favor. He worked without trouble, then out with one out in the sixth, after the Cub had two runs. Inasmuch as Lindsay was to protect his lead, the manager gave the verdict to the starter. Lindsay then should have had the game. Several of the athletes said. Others thought that Lindsay's decision was foolish, despite the fact that a starting pitcher at least five runs credit for the victory. The credit will go to the Cuban President Rydler.

# DAVEY ABAD GIVES LOU TERRY A TEN-ROUND BOXING LESSON

**BEATEN FIGHTER FORCES BATTLE; CROWD OF 2500 SEES HARD BOUT**

By W. J. McGoogan.

Bob Riley, manager of Lou Terry, St. Louis welterweight boxer, is satisfied today that he was wrong in his advance opinion that the bout between his boy and Davey Abad would not be a good one for the crowd. But he was right in his idea that Abad would give Lou a boxing lesson and make him look bad for 10 rounds. That is just what Abad did at Battery A last night, before a throng of more than 2500, the largest audience for a boxing show here this summer.

Abad won seven of the 10 rounds, while the other three were even. Davey landed dozens of punches, as usual, that didn't mean much, and he was clever enough to see that Terry didn't hit him with a blow which would hurt him.

Terry was unable to hit Abad in a vulnerable spot until Davey was confident that the steam had gone out of Lou's right arm, then he opened up and traded blows with the South St. Louisan and came off none the worse.

**Battle of Words.**  
The boys went at it just as though they meant it right from the start. Abad tied Terry up so badly that Lou, becoming exasperated at his inability to land any blows, cast some reflections on Abad and his ancestry. This angered Abad and he asked Referee Walter Heiser to convey the information to Terry that if he didn't stop calling him names he was going to kick him where it would do the most good.

After the bell had rung to end the seventh round Terry tried to land an overtime punch, but fell down and Abad kicked him. Then after the final round had been completed, Abad wrestled Lou to the floor and kicked him again. This infuriated Terry and he wanted to continue hostilities, but was persuaded not to do so.

Neither of the boys left the ring with many marks of the battle, although Abad exhibited a red spot on his shoulder which he claimed was made by Terry's teeth; but as Lou wore the usual gum protector it seems hardly likely that he took a bite out of Abad.

**One Knockout Scored.**  
The crowd was very well pleased with the scrap, which wound up a rather indifferent card of five bouts, which resulted in only one knockout. That was in the semi-final, in which Dave Barry, of the Springfield (Ill.) bantam, who has been commuting between his home town and St. Louis each week for a fight, knocked out Johnny Wallace of Tulsa, Ok., in the first round. Wallace substituted for Johnny Tomazzi, who, it was announced, was unable to fight because of a cut over his left eye. Barry disposed of Wallace in two minutes and 16 seconds of the first round. He put Wallace on the floor for a nine count, then a right uppercut sent the Tulsa man to the floor for the full 10.

Edgar Terry lost a 10-rounder to Sammy Ward of Fort Worth, Tex., in a bout which, like the final, contained considerable excitement. Terry, whether intentionally or not, fought a dirty bout. He butted Ward three times, opening slight cuts over each of the Texan's eyes, and was guilty of considerable holding. Ward, with a fine rally in the last four rounds, earned the decision, in the opinion of ring-siders.

Ward suffered considerable embarrassment and afforded amusement to the fans when his trunks split up the back at the start of the seventh round. Unfortunately, there was nothing could be done while the battle was going on, until the round ended, when Sam was supplied with a pair of track shorts.

Cyclone Williams had the edge over Francisco Marino, Negro South American welterweight champion, although Francisco made the meanest faces imaginable. Williams' powerful left hook to the body had Marino in distress in the latter stages of the 10-round fight and when Cyclone brought his right over, it appeared that he would put Marino away, but Williams was too long to start his right-hand attack, so Marino was there at the finish.

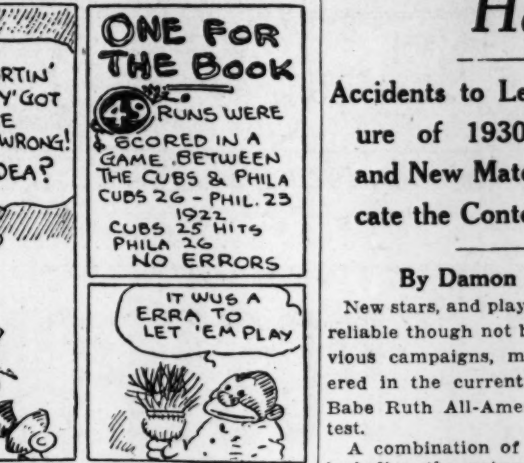

**Hawkins' Comeback Fails.**  
Lawrence Hawkins, Negro lightweight, who was good five, 10 or 20 years ago, tried to pull a Bone Leonard and comeback against Red Cox in the curtain raiser, but Lawrence was unequal to the occasion. He was not in the best of condition and took a severe mauling for four rounds, but finished on his feet.

The attendance was 2591, and the "gate" grossed \$2270.

**MARSH AND WOERNER MEET IN SEMIFINALS OF CLASS B TOURNEY**  
Roger Marsh of Carondelet and J. G. Woerner of Oakland met today in a semifinal match of the municipal men's Class B tennis tourney in Forest Park. The winner of this match will meet George Marting Jr. of Fairground for the championship.

Marting yesterday defeated Goeger of Oakland in straight sets, 6-3, 6-2, 6-3 in the other semifinal. Doubles semifinals also will be played today.

## OUTDOOR SPORTS

## BEN RICHTER TO PLAY IN P. G. A. CHAMPIONSHIP

Benny Richter, demon southpaw professional of Triple A will represent the Eastern Missouri district in the Professional Golfers' Association tournament at Providence, R. I., next month.

Not that Ben won the qualifying round at Sunset Hill yesterday, but John Manion, Sunset Hill pro, who did win it will be unable to go so he surrendered his place to the second low scorer and that was Richter so Ben today is beginning to sharpen up his game for competition with Hagen, Horton Smith, etc.

Manion was two strokes ahead of Richter after the first 18 holes yesterday. Johnny shooting a 72 on the morning round to a 74 for Ben while Francis Schwartz, Midland Valley and Jack Burns, Creve Coeur, tied with 75's.

But in the afternoon all four of them were tied going to 17 where Manion chipped in a mangle niblick shot from 10 yards off the green for a four to take a one-stroke lead.

To add insult to injury Johnny chipped another mangle niblick into the hole from off the back edge of No. 15 green for a three to finish two strokes ahead of Richter and collect all the money. Each of the four had a 77 in the afternoon while Jim Fogarty of Oange, the pro, finished with a 78.

Manion played even par on the first round, going out in 34 and coming back in 38 while in the afternoon he had a 37 on the first nine and a 40 on the second.

**Seven in Chicago.**  
CHICAGO, Aug. 11.—Al Espinosa, veteran Chicago pro, led the seven Chicago district qualifiers for the National P. G. A. championship tournament, scoring a 144 at the Edgewood Valley Club yesterday.

The other qualifiers were Laurie Ayton, who had 146; Abe Espinosa, 147; George Smith, 147; Frank Walsh, 149; Sam Bernardi, 150; and Jim Foulis, 151.

"Light Horse" Harry Cooper, and Jock Hutchison, who have qualified more often than not for previous P. G. A. tournaments, required 152 and 158, respectively, and failed to get in.

**O'FALLON PARK TENNIS SCORES A CLEAN SWEEP**  
O'Fallon Park's tennis matches today are only three matches behind the Carondelet team which is leading the city in the interpark tennis tournament. The O'Fallon players by winning all of their matches from the Oakland team, climbed closer to the pacemakers yesterday.

At the same time the Carondelet team lost one match to Fairgrounds. Leo Harding was the only player of the North Side group to come out on top in the matches with Carondelet, he defeating Joe Petrik a really hard-fought match 7-9, 7-5, 6-3.

No matches were played in the women's division.

Results of yesterday's matches:  
O'Fallon 5, Oakland 0.  
O'Fallon defeated Jack Pinner, Oakland, 6-1, 6-3.  
William Bell, O'Fallon, defeated Gus Imhoff, Oakland, 6-2, 6-0.  
Willie Owen, O'Fallon, defeated K. C. Meyer, Oakland, 6-3, 6-0.  
Nimmelle and Jeanette, O'Fallon, defeated Burgess and Barnes, Oakland, 6-1, 6-3.  
Mollie and Koch, O'Fallon, defeated Browne and Anderson, Oakland, 6-1, 6-3.  
Carondelet 4, Fairground 1. Leo Harding, Carondelet, defeated Fred E. Greer, Fairground, 7-9, 7-5, 6-3.  
O. E. Greer, Carondelet, defeated Leo Moutt, Fairground, 6-4, 6-3.  
Leo Moutt, Carondelet, defeated A. Weber, Fairground, 6-4, 6-1.  
E. Kelly and Victor Sellers, Carondelet, defeated Heuerman and Solomon, Fairground, 6-1, 6-3.  
Sherman 4, Concordia 1. John Aebischer, Sherman, defeated John English, Concordia, 6-1, 6-0.  
Andrew Schroeder, Sherman, defeated Harvey Cugerman, Concordia, 6-4, 6-1.  
Louis Becker, Sherman, defeated Leonard Schmitt, Concordia, 6-4, 6-2.  
Becker and Mueller, Concordia, defeated Berch and Curry, Sherman, 6-0, 6-3.  
Bauer and Bauer, Sherman, defeated Luernemann and Kurze, Concordia, 6-0, 6-1.  
Forest 3, Marquette 2. Adolph Rovin, Forest, defeated Charles Ruhl, Marquette, 6-3, 6-2.  
Charles Ruhl, Forest, defeated J. C. Graham, Marquette, 6-1, 6-4.  
Boomerang Ford, Forest, defeated J. C. Graham, Marquette, 6-0, 6-2.  
Miller and Novak, Marquette, defeated Fred and Simon, Forest, 6-2, 6-0.  
Kane and Kane, Marquette, defeated Libman and Bleich, Forest, 6-1, 6-3.

## WRAV'S COLUMN

In Disgrace.

THAT mistif pugilistic class, the lightweight, is in disgrace again. And nobody but its champion brought it low—Maxie Rosenbloom. Here is what a metropolitan critic who knows his stuff wrote the next day after Rosenbloom had "successfully" defended his title against Jimmy Slattery:

"By the way, there was an alleged championship fight at Ebets Field last night. Maxie Slattery was worn that a shell of his former self. Max's form was very shelly, too. He got the decision by .001. The only hits scored during the fight were the ring-side remarks, such as:

"This is the laughing championship of Brooklyn." "If Maloney isn't yellow, he will step in the ring and arrest both these guys." "Who says there's no ice in Brooklyn?" "Even the mosquitoes didn't come out for this fight!"

"They say Max and Shamus left their fight in the night clubs."

The truth of it is that it's too bad they didn't."

Rosenbloom has been something of an ink spot on the fight game for some time. If he could fight, he might be forgiven his waywardness. But a batter who slaps instead of punches and whose training consists largely in laying the foundations for cirrhosis of the liver at night clubs isn't going to command either attention or money.

**Brutal Sport.**

FOR some time we had entertained the thought that the world was amateur boxing. But there's a rival in the field, none other than polo.

In the amateur mitt game they make boys fight three or four times the same night. It is not so very long since amateur boxing was governed by London prize ring rules, in one particular. That was when a knock-down ended the round. That made it possible for an amateur to be knocked out three times in one fight!

But polo is worse than this. It seems, if a polo player is knocked out by a fall or in any other way, it is a point of honor for him to continue the game as long as he can be patched up and put back on a pony. The situation is set forth as follows in this letter from a "polo wife" to the editor of the magazine Polo:

"The letter to Polo says in part: 'There is no protection for the injured player and nowadays it is made a point of honor with a player that he continue if he can possibly remount his horse. This is typically a man's attitude toward the thing he is doing and I do not hesitate to point out that it is silly.'

"I have seen men stunned or grazed go back into play after having been out for minutes, even in a pick-up game. Sometimes they continue to play with concussion or broken ribs, risking serious injury not only to themselves but as well to the game they love."

POLO WIFE.

"Sands Point, N. Y."

**Free, but No Place to Go.**

ALL the players of the St. Louis Soccer League are free agents today, unless they have

signed contracts.

They automatically were freed from their club contracts when the local league overlooked sending in its list of reservations before Aug. 1.

But it doesn't mean anything. Although they are free to sell their services, there is nobody to buy the players' contracts in St. Louis other than the "pro" league owners. Players could sign with an out-of-town team, but as almost all of the players have jobs here, they would not take a chance on going to another city unless some more paying work were offered them.

As a result, all the old heroes will be cavorting at Sportsman's Park next fall as usual. Furthermore, there will not even be a change of players from one team to another. There is a gentlemen's agreement among the league clubs that they will not try to sign the other fellow's talent under any circumstances.

That, in a way, is unfortunate. By taking the pick of the four teams perhaps an eleven might be built that might reach the top of the championship final, where St. Louis was always found a decade or so ago.

## CLYDE CHASTAIN BEATS STILLMAN IN SLOW FIGHT

Special to the Post-Dispatch.

CHICAGO, Aug. 11.—In a bout fought at the White City Arena while rain was falling Clyde Chastain of Springfield, Mo., outfought and outboxed Al Stillman of St. Louis.

At the close of the slow eight-round affair Chastain got the nod from the referee but there was not much cheering for either side. Little damage was done by either man both apparently being afraid of slipping on the canvas which was drenched by the downpour.

The feature event of the card was the appearance of Frank Battaglia, who is highly thought of as a candidate for the middleweight fight crown. Battaglia opposed Johnny Morse of California, and the engagement short by knock-out after the first round began. Battaglia's right swing knocked Morse through the ropes. He was conceding 12 pounds to the Californian.

It is reported that there will be a change in the soccer pay scale. The plan is to stipulate amount per game, players will be paid a percentage of the net and that may be an incentive to better effort than has occasionally been on display at Sportsman's Park.

**Forced on Him.**

MAX SCHMELING, already stands convicted of avoiding Primo Carnera. He slid out of a contract to fight him next September and he is going to give Mickey Walker first crack at his crown. That will be next year. Naturally Max would take the easy ones first.

But—his plans may be spilt. That will occur if Carnera polishes off Sharkey, when they meet next Sept. 23, as planned. Jacobs himself has to admit that. He admits "Up next fight plans depend on what the future brings forth, particularly with reference to the Carnera-Sharkey fight. If Sharkey beats Carnera that will make Walker look all the better. But if Carnera wins it would be different. We might have to take him on then."

Max, of course, may not be afraid of Carnera or anybody else. He merely wants to butter his parsnips to best advantage. In which he is human, but rather aggravating.

**Six in Michigan.**

DETROIT, Mich., Aug. 11.—Six Michigan professional golfers qualified in 36 holes of play yesterday for the National P. G. A. tournament at Providence, R. I., Sept. 14 to 19. The seventh Michigan place goes to Tommy Armour, defending titleholder.

Al Watrous and Clarence Gamber of Detroit, led the field with 145's and one stroke behind were Walter Hagen and Eddie Kirk, the latter of Owosso. Horton Smith of Detroit had 147 and Frank Williams of Detroit 149.

## Ruth's All-America Team of 1931 Will Be Hard to Select; New Stars Numerous

Accidents to Leaders, Failure of 1930 Standouts, and New Material Complicate the Contest.

By Damon Kerby.

New stars, and players considered reliable though not brilliant in previous campaigns, must be considered in the current Post-Dispatch Babe Ruth All-America team contest.

A combination of circumstances, including the natural development of newcomers, injuries to recognized stars, and the almost unexplainable failure of former front-rank men to come through this year, makes the selection of the team a task of no small proportions to the fore.

Consider the misfortunes of some of last year's all-America choices: Gehring's arm has been "dead" for a part of the season; Lindstrom is at home nursing an injury; Hack Wilson has lost his batting eye and Bill Terry is considerably below his form of other seasons. Whether these players, handicapped as they are, are again worthy to be named to the team furnishes some of the problems which confront this year's entrants in the contest. Remember, players are chosen because of what they have done this year only.

In all positions are players whose records must be considered before naming an all-America team. Following is an incomplete list of men who will be considered by fans in selecting their all-America teams:

First base—Gehrig, Fox, Morgan, Grimm, Terry.

Second base—Bishop, Meilho, Frisch, Hornsby, Critz.

Third base—Dykes, J. Sewell.

## Rules Governing Babe Ruth's All-America Team Contest

THE contest is open to every one, except employees of the Post-Dispatch and their families.

Entries will close Aug. 31 at midnight and letters bearing postmark up to that time will be considered eligible.

The contestant naming the same players in the same positions and batting order as Babe Ruth wins the first prize; but in event no contestant duplicates Ruth's picks, the one nearest will be considered the winner.

In addition to naming the players to conform to those chosen by Ruth, contestants must arrange them in the same batting order as Babe Ruth. The Babe has agreed to place his choices in the order in which he thinks they should go to the plate.

An explanatory letter of not more than 250 words must accompany the selections and will be passed upon by the judges. This is as important as selecting the players. Babe himself will write an explanation of his choices. In event of a tie, excellence of the compositions will determine the winner. (Write on one side of the paper only and make your selections on a separate sheet.)

Mail selections to the BABE RUTH CONTEST EDITOR, care of the Post-Dispatch.

championship season. For example, Jimmy Foxx is a first baseman, but he has filled in at third base on occasion for Connie Mack, this season, and he is therefore eligible to be named at third base if the contestant so desires.

Center field—West, Cuyler, Haas, Berger, Schulte, Martin.

Right field—Klein, Herman, P. Wanner, Ott, Lindstrom.

Catch—Cochrane, Dickey, Spencer, R. Ferrell, Hogan, Lopez.

Pitch—Grove, Earnshaw, Marberry, Halpern, Fitzsimmons, Brandt, Grimes.

It must be borne in mind that a player to be eligible for a position, must have played one or more games at that position during the

## JUVENILE TURF TITLE CLOUDED; SON OF MORVICH WELL REGARDED

NEW YORK, Aug. 11.—The victory of Victor Emanuel's Morfari at the United States Hotel Stakes at Saratoga failed to help clear up the year-old championship situation very much. If anything, the triumph made it more complicated than ever. The son of Morvich was always known to have early speed but like most Morvich offspring he was considered a non-runner.

He showed in Saratoga's first big juvenile test, however, that he is a genuine coming from behind and according to the lash of the whip. Morfari picked up 118 pounds and the six furlongs in 1:11 4-5 and at the end of the journey he was between the Emanuel speedster and C. V. Whitney's filly, Top Flight, generally ranked as the best of the youngsters shown to date, will be watched with great interest.

Although finishing second to Morfari, W. R. Coe's Osculator is not out of the picture. This colt packed 127 pounds in the United States Hotel Stakes, giving nine pounds to his conqueror, yet made Morfari stretch his neck to win. Joseph E. Widener's Rush, a fine appearing daughter of Haste High Pass, is said to be one of the crack youngsters of the Philadelphia thoroughbreds. She has been working like a streak of greased lightning in the morning and shows all appearance of developing into a high-class filly.

### CARDINALS' GAME WITH BROOKLYN IS POSTPONED

Continued From Page One.

The recommendation of the official scorer.

Eighteen games will be played on the trip which starts with the series here. There will be four games at Brooklyn, four at New York, four at Philadelphia and then five at Boston. After the games with the Braves, the Cardinals will meet the Rochester Redwings in an exhibition game before returning to St. Louis.

## COLLYER'S SELECTIONS

At Saratoga.

1—Well Heeled, Jambalaya, Autumnal.

2—Autumn Bell, Summer, The Ace.

3—SWEETING LIGHT, Caruso, Almer.

At Hawthorne.

1—Mae, A. La Carte, Sir Ashley.

2—Black Forest, Don Pedro, Ferrer.

3—Fast-Mutual, Lead, Jubilate.

At Fort Erie.

1—Ruffian, Switch, Nick D.

2—Baby Boy, Lucky Boy, Black Iron.

3—SISTER MARY, Martha Jones, Uncle Henry.

At Thistledown.

1—Count Bruno, Ridden, Rock Crest.

2—Rose Tree, Lead, Wind, Dea.

3—MAYHEW, LORRE, Postville, Miss Gaiety.

At Thistledown.

## RETZLAFF MAY MEET CAMPOLO IN SEPTEMBER

By the Associated Press.

NEW YORK, Aug. 11.—Charley Retzlaff's next opponent may be the giant Argentine, Vittorio Campolo.

Madison Square Garden already has gained Campolo's consent to the match, to be held at the Polo Grounds Sept. 3 if all goes well.

## THE KENTUCKY WINNER.

By the Associated Press.

LOUISVILLE, Ky., Aug. 11.—Alvey Hume, Louisville, retained his Kentucky professional golf championship yesterday and will represent the State in the P. G. A. tournament at Providence, R. I., next month. Hume shot 77-155. Seven competed.

## WRESTLING RESULTS

By the Associated Press.

CHICAGO, Aug. 11.—Richard and Patrick Nash, owners of the Valley Lake Stable, have refused an offer of \$50,000 for their two-year-old colt, Burning Blaze.

## CARAWAY, WHITE SOX PITCHER, IS MARRIED TO ILLINOIS GIRL

By the Associated Press.

CHICAGO, Aug. 11.—Cecil "Pat" Caraway, pitcher for the Chicago White Sox, American League baseball team, was married yesterday to Miss Harriett Christensen, daughter of Mr. and Mrs. Berndt Christensen, at her parents' home. She was attended by her sister, Sylvia, and best man was Elmyr Laughlin, of Oregon. The ceremony was performed by the Rev. A. R. Bickenback, former pastor of the Oregon Presbyterian Church. Caraway and his bride left for Chicago immediately after the ceremony. She had been living here.

# This Emblem stands against KILLERS

Every League member displays this emblem on his car. Get it here.

Look at this emblem carefully. You will see it often in the coming months.

For this is the emblem of hundreds of thousands of public-spirited motorists who have been aroused by the toll of 32,500 deaths on our highways and streets last year. It stands against KILLERS . . . it stands for safe, sane driving that means life to thousands of people each year.

Would you like to join in this great national crusade against recklessness and carelessness? Would you like to become a member of the Silvertown Safety League and display this same emblem on your car?

Then come to local League Headquarters and sign the Safe Drivers' pledge. The nine, common-sense rules of this pledge were developed by drivers of the famous Silver Fleet, who have covered over FIVE MILLION MILES WITHOUT AN INJURY.

Come in now. Make yourself a part of this great movement. We have a pledge ready for you and will install the emblem on your car—without cost.

JOIN TODAY—THIS CRUSADE NEEDS YOU

MY PLEDGE AS A MEMBER  
THE SILVERTOWN SAFETY LEAGUE  
I AGREE . . .

1. To drive at speeds in keeping with the safety of others as well as myself.  
2. To keep on the right side of the road, except when passing.  
3. To pass only when I know there are ample time and space—never on blind curves or when nearing the crest of a hill.  
4. To go through intersections only when I have the right of way.  
5. To observe all traffic signals.  
6. To give signals myself that can be clearly seen and understood, before turning or stopping in traffic.  
7. To drive only when in full possession of my faculties.  
8. To keep my brakes, lights, and horn in good condition.  
9. To operate my car on tires which assure a positive grip on the road—safe traction—and freedom from hazardous tire failures.

THERE are more safe miles in the Silvertown than in any other tire . . . We make a generous trade-in allowance for your old, doubtful tires. Don't risk blow-outs and skidding—start riding on safety-tested Silvertowns today!

## WOMAN SEEKS \$25,000 FOR ALIENATION OF AFFECTIONS

Plaintiff in Suit Against Widow Is Said to Be of Polish Noble Family.

Mrs. Scraphin von de Vere filed suit in Circuit Court yesterday for \$25,000 damages against Mrs. Mary Wagoner, a widow, of Champaign, Ill.

The petition alleges that Mrs. Wagoner alienated the affections of Mrs. von de Vere's husband, a native of Belgium. Mrs. von de Vere herself is a member of a former Polish noble family, according to her attorney, Bert Fenn, who refused to disclose her present address in this city.

The suit sets forth that the von de Veres were married June 26, 1920, and separated a month later. Mrs. Wagoner could not be reached.

## JEWISH LOAN ASSOCIATION

Only \$47 Unpaid Last Year of \$37,490 Borrowed.

The annual report of the Jewish Loan Association, an agency of the Jewish Federation of St. Louis to make emergency loans to persons of the Jewish faith, shows that only \$47 was defaulted in 1930 out of total loans of \$37,490. In 18 years the association has lost only \$867.

The report shows that loans were made to help in starting business, in paying debts, insurance and medical expenses, mortgages, repaying real estate and sending children to school. The largest loan was \$500 and the smallest \$20. Jesse A. Wolfert is president of the association.

## UNION MEN WORK BESIDE EMPLOYEES OF BARRED FIRM

Many Electricians Ignore Their Organization's Ruling Against Contractors in "Out Group."

Union building workmen and several no longer recognized by their union are working side by side at the old police headquarters building, Twelfth street and Clark avenue, which is being remodeled for the use of the Board of Election Commissioners.

The situation, which in former years would not have been tolerated, is not uncommon now, it is learned. The remodeling job, for which the city is spending \$50,000, at present requires the services of iron workers, laborers, electricians, and a carpenter. The iron workers, carpenter, and laborers are union men. The electricians are former union men, who elected to work for the Efficient Electric Co., 1708 Chestnut street, when that concern was placed on the "out list" by Local No. 1, Brotherhood of Electrical Workers.

A. B. Richardson, superintendent of the Efficient Electric Co., states that the services of Local No. 1 men were denied his firm several months ago "without explanation." The action was taken, according to Richardson, despite the fact that the firm signed a new agreement with the union last spring calling for a \$15-a-day wage scale, and had posted a \$3000 cash payroll bond. Nine Local No. 1 men were withdrawn from the shop, but subsequently several of them returned and Richardson hired other former union men, who decided to cast their lot with the "out" firm.

**Ouster Action Recalled.**  
The Efficient Electric Co. has joined forces with several other firms, which are no longer recognized by Local No. 1 because of their refusal to sign the \$15-a-day wage agreement. The members of the "out group," as they term themselves, have established a wage scale of \$12 a day, with a five-day week, for their employees, who are former Local No. 1 men, according to Richardson. These conditions conform to those in force in March, 1929, when the building industry was still booming. The workers lose only \$1.20 a day through giving up their union status, as \$2.80 is deducted from the \$15-a-day pay of Local No. 1 men for compulsory insurance. In addition, they pay no union dues.

The electrical contractors of the "out group" say they objected to the new working agreement, because of the insurance feature, which was operated under slightly different conditions in the previous contract, and resulted in ouster from the State of four electrical trades associations on charges of restraint of trade. The insurance plan was voted down by the Building Trades Council several years ago, and individual labor leaders have expressed themselves against compulsory insurance, which increases the labor cost without adding to the worker's income.

Richardson and his associates believe it is this lack of sympathy for the insurance plan, coupled with current conditions, which results in bona fide union men working with former union members.

**A Contrast in Bidding.**  
Illustrative of the difference in construction costs offered by the two contracting groups are the bids on the old Police Headquarters remodeling job. The Efficient Electric Co. obtained the contract July 3 with a bid of \$1755. Two other "out" contractors bid \$1805 and \$1853, respectively. Six firms, which have signed up with the union for the \$15-a-day wage, bid as follows: Gamp Electric Co., \$2239; Guarantee Electric Co., \$2274; Newberry Electric Co., \$2310; Mound City Electric Co., \$2388; Dersch Electric Co., \$2450; and H. Vierheller Electric Co., \$2485.

Richardson states that the bids of the Efficient Electric Co. and of the two other contractors in his group include a "reasonable" profit. The other bids, several of which are approximately twice as much as that on which the contract was awarded, are due in part to the compulsory insurance charge, he says.

## WITNESS JAILED FOR CONTEMPT NOW IS READY TO TESTIFY

New York Veterinarian Willing to Answer Question About Alleged Bribery.

NEW YORK, Aug. 11.—In a bid for freedom from jail, Dr. William F. Doyle through his counsel indicated willingness today to answer the question put to him by Samuel Seabury, chief counsel of the Hofstadter legislative committee, as to whether Doyle paid any bribe to a public officer in connection with his lucrative pleadings before the Board of Standards and Appeals. Samuel Falk, the veterinarian's attorney, made this plain in a statement announcing he was seeking an opportunity for his client to appear before either Seabury or a Supreme Court Justice.

## TERRORISM IN IRISH FREE STATE

By the Associated Press.

DUBLIN, Irish Free State, Aug. 11.—Charges that gunmen were terrorizing parts of the Free State for political purposes were made by Minister of Justice Fitzgerald Kenny in an address Sunday. Men calling themselves the Republican Army were drilling in military tactics, he said, and were trying to enforce the will of the minority on the majority.

It was understood his speech was a preliminary to the introduction into the Dail of a bill prescribing drastic measures to deal with the situation. It would establish a special tribunal empowered to try sus-

## TERMINAL PAPER PLANT SOLD

By the Associated Press.

DANVILLE, Ill., Aug. 11.—The Cornstalk Paper Plant Co., at Danville, near here, was sold yesterday to Industrial Corporation for \$75,000. The sale price is subject to the approval of Federal Judge Walter Lindley. The recent reorganization of the Cornstalk Products Co. into the Cornstalk Paper Plant Co. had been the first large scale attempt to manufacture paper from corn stalks. The concern had the process of Dr. Bela Dorner, Hungarian scientist.

## GANDHI THREAT NOT TO ATTEND INDIA MEETING

Gives Notice He Will Not Sail Saturday Unless Peasants Will Be Evicted.

Mahatma Gandhi served the Simla Government with notice today to wreck the most important elements in India, the representative character of the roundtable conference in which is expected to give new charter of freedom.

Gandhi's virtual ultimatum would not go to London unless the Simla Government has positive assurance that his absence peasants will be placed under duress by authorities and that there no further evictions for land revenue or rents.

Gandhi's virtual ultimatum would not go to London unless the Simla Government has positive assurance that his absence peasants will be placed under duress by authorities and that there no further evictions for land revenue or rents.

## WILLIAMS OIL-O-MATIC

pioneer in oil heating, announces

# HUSHED HEAT!

in the lowest priced quality oil burner in America!

## HUSHED HEAT

## WILLIAMS OIL-O-MATIC HEATING

Listed as Standard by Underwriters' Laboratories

**HUSHED HEAT** is the newest and finest thing there is in oil burning. It is the perfected result of years of combustion research in Williams laboratories, by the very engineers who pioneered oil heat for the home years ago. It is an achievement because it couples almost soundless operation to the acknowledged greater efficiency of the projected-flame type of oil burner.

The new Model K retains all the time-proved features of Williams Oil-O-Matic. It burns low cost fuel oil—a better and richer fuel than the costlier light distillates commonly used. This feature will save you hundreds of dollars on future fuel bills.

This new Oil-O-Matic is the lowest priced quality oil burner in America. Call your Oil-O-Matic dealer today—let him examine your heating plant, quote you exact cost figures, and explain the easy Williams Budget Payment Plan. Williams Oil-O-Matic Heating Corporation, Bloomington, Illinois.

• which shows that New Iso-Vis will not thin out from dilution

"I LEARNED a lot by watching these steel balls sink through the various oils. Before this, motor oil had been just motor oil. Now I know there is a wide difference."

See the Ball and Bottle Test yourself—then you'll realize that it's true—New Iso-Vis will not thin out from dilution. And comparing used New Iso-Vis with another used oil, will show you how much better New Iso-Vis stands up.

Fill up with New Iso-Vis today. When you are ready to drain, go back to any Standard Oil Service Station or dealer and ask that they use the oil from your own car to make the test. This will convince you!

**New ISO-VIS MOTOR OIL**

New Polarine also is refined by our new process—giving it an efficiency which is exceeded only by New Iso-Vis. The price is 25c a quart.

For complete greasing service drive to Standard Oil greasing stations at:  
Kingshighway and Manchester  
Union Blvd. and Barmter Av.  
Kingshighway and Rosa Av.  
Clara and Pershing Aves.

**STANDARD OIL COMPANY (Indiana)**

## RESULTS

of Indianapolis Speedway Tests, Certified by A. A. A.

- 1 Iso-Vis Motor Oil did not thin out from dilution.
- 2 During the entire test of 9,000 miles, the engines and chassis of all cars were lubricated effectively.
- 3 Oil Added: only 63/100 of a quart—average for all cars—of Iso-Vis 50 (Heavy) in 1,000 mile test at 30 miles per hour.

Watch for the **ISO-VIS TEST CARS**

15 Iso-Vis test cars used at Indianapolis Speedway in intensive lubrication study conducted by American Automobile Association are now on individual tours to auto dealers from Michigan to Montana. Watch for them.

## PRICE FIXING PROPOSED BY NYE FOR COM

North Dakota Senator Recommends Debt Hold the Farmers.

By the Associated Press.  
WASHINGTON, Aug. 11.—A proposal for Government action on stable products of economic depression, is before President Hoover. Government officials in New York.

The North Dakota believes the Government is in a program of for two or three years are getting their bearings up again. He recommended a debt holiday farmers, suggesting the Government postpone its Intermediate Credit.

Using the Government some positive step in a situation," he said price fixed on such commodities, wheat, dairy products, pork and wool congressional approval necessary, and did not prices for the commodity.

**MOSLEMS ALSO MAY  
REFUSE TO TAKE PART**

Demand Representation in  
Proposed Federal and  
Provincial Legislative As-  
semblies.

By the Associated Press.  
BOMBAY, India, Aug. 11.—Al-  
most on the eve of the departure  
of delegates, two of the most im-  
portant elements in India threat-  
ened today to wreck the unity and  
representative character of the second  
roundtable conference in London  
which is expected to give India a  
new charter of freedom.

Mahatma Gandhi served notice  
on the Simla Government that he  
would not go to London unless he  
has positive assurance that during  
his absence peasants who are in  
arrears with taxes will not be  
placed under distress by revenue  
authorities and that there will be  
no further evictions for default in  
land revenue or rents.

Gandhi's virtual ultimatum fol-  
lowed the decision of Mohammedan  
leaders to withhold their 19 dele-  
gates from participating in the con-  
ference unless their demands for  
representation in the projected  
central legislature and provincial  
assemblies are granted and unless  
the minorities committee of the  
conference meets before the Fed-  
eral structure is completed.

Third Boycott Threatened.  
Scarcely had the Government re-  
ceived these threats from the Na-  
tionalist and Mohammedan ele-  
ments when it appeared likely that  
the Federation of Indian Cham-  
bers of Commerce might boycott  
the conference unless its three can-  
didates were named as delegates.  
One of these has been named but  
the other two have not.

While the Nationalist Cabinet  
was debating the advisability of  
Gandhi going, a communication  
was received from Sir Ernest Hon-  
son, Acting Governor of the Bom-  
bay presidency, insisting that  
the Government had pursued only  
normal methods in collecting land  
taxes and revenue from peasants  
and disclaiming any intention to  
use repressive measures in dealing  
with the delinquents.

Honson's letter was character-  
ized by the Cabinet as "wholly un-  
satisfactory and at variance with  
the actual facts."

Gandhi's Warning.  
Immediately thereafter Gandhi  
sent telegrams to Viceroy Willing-  
don and Home Secretary Emerson  
saying he could not go to London  
unless the Government changed its  
attitude toward the peasants.

Unless the Simla Government,  
which has been in telegraphic com-  
munication with London, yields at  
the last moment to Gandhi's de-  
mand it is believed there is no  
likelihood that he will sail with the  
other delegates next Saturday.

Vallabhi Patel, president of the  
Indian National Congress, told the  
Associated Press:  
"The situation is extremely seri-  
ous. You may say categorically that  
Gandhi will not go to London  
unless the Government gives us  
definite guarantees that the peas-  
antry will not be further molested  
for taxes which their destitute sit-  
uation renders it utterly impossible  
for them to pay."

**PRICE FIXING PROPOSED**

BY NYE FOR COMMODITIES  
North Dakota Senator Also Rec-  
ommends Debt Holiday for  
the Farmers.

By the Associated Press.  
WASHINGTON, Aug. 11.—A pro-  
posal for Government price fixing  
on staple products during the  
economic depression, is to be laid  
before President Hoover and other  
Government officials by Senator  
Nye.

The North Dakota Republican  
believes the Government "must en-  
gage in a program of price-fixing  
for two or three years while we  
are getting our bearings and build-  
ing up again." He also recom-  
mended a debt holiday for the  
farmers, suggesting the Federal  
Government postpone collection on  
the Intermediate Credit Bank loans.  
Urging the Government to "take  
some positive step in aiding our  
agriculture," he said prices should be  
fixed on such commodities as cot-  
ton, wheat, dairy products, beef,  
potatoes, pork and wool. He noted  
congressional approval would be  
necessary, and did not suggest any  
price for the commodities named.

The drought condition in his  
State, Nye said, had not been ex-  
aggerated, adding that the wheat  
crop would be about one-fifth of  
normal.

**EXPERTS AGREE ON DETAILS  
OF WAR DEBT HOLIDAY**

Representatives of Powers Meeting in London,  
Sign Protocol for Carrying Hoover  
Plan Into Effect.

By the Associated Press.

LONDON, Aug. 11.—Representa-  
tives of five great nations concerned  
in adjustment of German repara-  
tions payments this evening signed  
a protocol co-ordinating the  
Hoover moratorium proposals with  
the provisions of the Young plan.

The signers were members of the  
International Committee of Experts  
who had been at work for three  
weeks on technical aspects of the  
moratorium. The United States  
was represented by Hugh S. Gib-  
son, Ambassador to Belgium, who  
attended as observer.

Formal signatures to the docu-  
ment were affixed by delegates  
from Germany, France, Italy, Ja-  
pan and Great Britain. The cere-  
monies took place in the Cabinet  
room of the Foreign Office.

The agreement provides that  
Germany shall repay conditional  
reparations annuities suspended  
under the Hoover plan during the  
10 years beginning July 1, 1932.

The suspension of payments shall  
bear interest at the rate of three  
per cent. In addition, it is ex-  
pressly stated that they shall be an  
absolute obligation involving no op-  
tion of postponement, and shall be  
paid in foreign currencies.

"Complete agreement was  
reached," the communiqué said,  
"as regards the detailed measures  
required to give effect to President  
Hoover's proposal in case of pay-  
ments by Germany under the  
Hague agreement of Jan. 20, 1932."

"Recommendations of the ex-  
perts in regard to suspension of  
these payments have been approved  
by the Governments of Australia,  
Canada, Czechoslovakia, Greece,  
India, New Zealand, Portugal, Ru-  
mania and South Africa.

"Agreement also was reached in  
regard to detailed measures for  
suspension of interest on the debt  
to the United Kingdom, France and  
Italy of payments under agreement  
with Czechoslovakia.

"Agreement also was reached on  
the principle that payments due by  
Hungary under the Paris agree-  
ment of April 25, 1930, and pay-  
ments by Bulgaria under the Hague  
agreement of Jan. 20, 1930, should  
be suspended during the year end-  
ing June 30, 1932.

"In this case certain adjust-  
ments must be made, as complete  
suspension of these payments might  
result in suspension of certain  
classes of payments to individ-  
uals which under President  
Hoover's proposal were not to be  
affected.

"Accordingly the committee  
agreed in principle that all pay-  
ments to funds 'A' and 'B' under  
the agreement signed at London  
April 20, 1930, should be con-  
tinued during the Hoover year.

"Negotiations are continuing in  
regard to adjustments required in  
the case of Bulgaria."

**Germany Celebrates Constitution  
Day; Bruening Urges Unity.**  
By the Associated Press.

BERLIN, Aug. 11.—The celebra-  
tion of Constitution day reached its  
climax at noon today with ad-  
dresses by Chancellor Bruening and  
Vice Chancellor Dietrich on the  
significance of the adoption of the re-  
publican Constitution.

In the presence of President von  
Hindenburg, members of the Cab-  
inet and of the Diplomatic Corps,  
including United States Ambassador  
Dorsett, Chancellor Bruening  
called upon all Germans to join in  
a three-fold "hoch" for the repub-  
lic.

"This day, like a memorial day,  
is one on which all party passions  
subside—the day belongs to the  
entire German people," he said.

The Chancellor wore a Prince  
Albert coat, on which was pinned  
the iron cross he won in the World  
War. Ordinarily he does not wear  
his decorations, and his appearance  
today was taken to indicate he  
wanted to show the Nationalist op-

position that he, too, served on the  
battlefield.

"This celebration comes at a time  
of overpowering economic distress,  
which exercises the severest strain  
on our powers of endurance,"  
Bruening continued.

As he said this, President von  
Hindenburg, seated in the honor  
box, nodded gravely.

The Chancellor concluded with a  
plea that all elements in Germany  
desiring to uphold the nation join  
together to overcome the present  
difficulties.

**Capitalism Versus Bolshevism.**  
The address of Herr Dietrich,  
Vice Chancellor and Finance Min-  
ister, was optimistic about Ger-  
many's future and was tempered  
with frank criticism of mistakes  
that have been made and a warn-  
ing against bolshevism.

"The issue today," he said, "is  
capitalism versus bolshevism.  
Whatever system is chosen can be  
justified only by fulfillment of the  
task of making the people happy.  
With all its faults, the present sys-  
tem is the best, but new paths must  
be trodden."

There has been squandering of  
funds in public administration,  
Dietrich declared. "Too many peo-  
ple have flocked to the big cities.  
Farming should be encouraged  
more, he said, adding that the vot-  
ers have made too heavy financial  
demands on the states and on the  
communities.

On the credit side of the ledger  
Herr Dietrich complimented the  
nation for its hardihood during the  
crisis. "The real character of the  
German, as his attitude now shows,  
consists of patience, courage and  
confidence," he said.

He declared the authority of the  
President to be supreme beyond all  
doubt and he expressed the hope  
that after overcoming the present  
difficulties Germany might bring  
about revision of the peace treaties.

After the speeches "Deutschland  
Über Alles" was sung and Presi-  
dent von Hindenburg, amid cheers  
of thousands gathered outside,  
viewed the happy company of the  
Reichswahr.

Directors of the Reichsbank to-  
day lowered the discount rate from  
15 to 10 per cent, and the rate on  
collateral loans from 20 to 15 per  
cent.

**Laval and Briand to Go to Berlin**  
By the Associated Press.

PARIS, Aug. 11.—Premier Laval  
and Foreign Minister Aristide Bri-  
and will go to Berlin for a confer-  
ence with the heads of the German  
State in September, after the fall  
meeting of the League of Nations  
Council, the Foreign Office an-  
nounced today.

**A. H. Wiggin Invites German Bank-  
ers to Basel Conference.**  
By the Associated Press.

BASEL, Switzerland, Aug. 11.—  
Albert H. Wiggin, chairman of the  
World Bank Committee surveying  
Germany's financial needs, today  
invited representative German  
bankers to join the conference here.

The invitation includes the German  
committee for prevention of the  
flight of capital, now in session at  
Berlin. Wiggin extended the in-  
vitation by telephone to the German  
capitalists. The decision to invite  
the Germans was reached when the  
committee members discovered they  
could do nothing definite about  
Germany's credit needs until they  
knew the result of the meeting at  
Berlin.

**Hoover Cables to Von Hindenburg  
on Anniversary of Republic.**  
By the Associated Press.

WASHINGTON, Aug. 11.—Presi-  
dent Hoover today cabled to Presi-  
dent von Hindenburg of Germany  
his felicitations on the twelfth an-  
niversary of the German Republic.

"I extend my hearty congratula-  
tions," the President cabled, "to  
your excellency and your fellow  
countrymen on this anniversary of  
the German Republic."

LIMA, Peru, Aug. 11.—Pistols  
and clubs were brought into use to-  
day when former Provisional Presi-  
dent Luis M. Sanchez Cerro re-  
turned to Peru after an absence of  
several months and marched  
through the town at the head of a  
parade of supporters.

A street fight began when some-  
one on the sidelines threw a glass  
of beer at the former President and  
police came on the run. One man  
was reported slightly wounded be-  
fore the disorder was quelled. San-  
chez Cerro has announced himself  
as candidate for President in the  
forthcoming elections.

**Former Judge Bauer Dies.**  
JEFFERSON CITY, Aug. 11.—

William Bauer, 70 years old,  
banker and former Presiding Judge  
of Coit County Court, died at his  
home here early today.

**THIRD DEGREE  
CHARGE DENIED  
BY POLICE CHIEFS**

Members of International  
Executive Committee Al-  
so Condemn Corruption  
Allegation.

GROUP OFFICIALLY  
TAKES NO ACTION

But Individual Executives  
Criticise the Findings of  
Wickersham Commis-  
sion.

Post-Dispatch Bureau,  
201-205 Kellogg Building.

WASHINGTON, Aug. 11.—Mem-  
bers of the executive committee of  
the International Associations of  
Chiefs of Police were vehement  
here yesterday in their condemna-  
tion of the two recent Wickersham  
reports charging widespread police  
brutality and corruption, but de-  
cided not to put the committee of-  
ficially on record against the find-  
ings of the President's commis-  
sion.

They expected, however, that the  
reports would be up for discussion  
at the convention of the association  
in St. Petersburg, Fla., next Octo-  
ber, arrangements for which are  
being made at the annual meeting  
of the executive committee here.

Chief Joseph Gerk of St. Louis,  
president of the association, said:  
"The third degree is a myth so far  
as St. Louis is concerned. It has  
no place in modern police meth-  
ods."

He added that he had not  
yet had time to read the two re-  
ports.

Gerk expected to visit the White  
House this afternoon and ask the  
President to address the Florida  
convention.

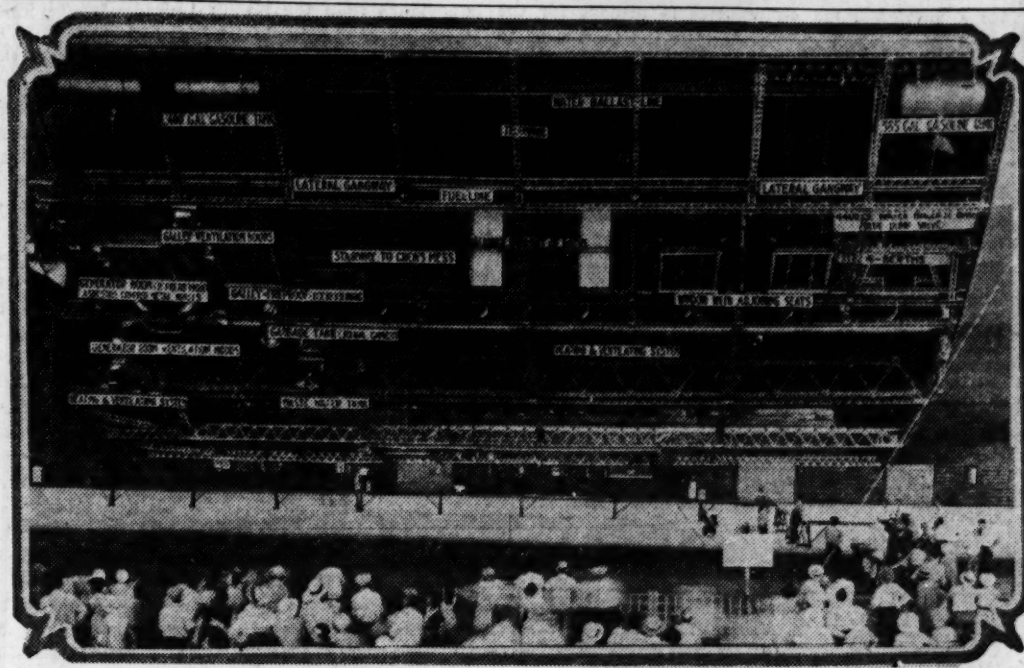

Typical of the expressions by the  
police officials was that by Chief  
H. D. Harper of Colorado Springs,  
Colo., who said the report on the  
third degree "looked as if it had  
been written by some criminal  
lawyer interested in protecting  
criminals."

"I don't know of a police depart-  
ment that uses the third degree,"  
said Harper. "It is wrong, and it  
is equally wrong to spread such  
reports as the Wickersham Com-  
mission has circulated. They hurt  
law enforcement."

The National Rifle Association,  
at a joint meeting with the chiefs  
last night, proposed common ac-  
tion looking toward state laws for  
the regulation of the sale of fire-  
arms.

At a session earlier in the day at  
the Bureau of Investigation of the  
Department of Justice, the chiefs  
were informed that 1200 police de-

**Making It Easy to Inspect the Akron**

ALL major parts and compartments of the Navy's giant dirigible were marked in giant lettering for the benefit of the 100,000 persons who attended christening ceremony Saturday.

**FUNDS FOR MISSOURI SCHOOLS  
DROPS \$750,000 THIS YEAR**

State Superintendent Says Appor-  
tionment on Special Aids Will  
Use Most of Revenue.

JEFFERSON CITY, Aug. 11.—  
Funds available for distribution to  
the public schools of Missouri are  
about \$750,000 less than the total  
distributed last year. It is an-  
nounced today at the office of  
Charles A. Lee, State Superin-  
tendent of Schools.

The apportionment to schools  
this year on the various special aids  
will take nearly all the available  
revenue, leaving about \$55,000 for  
distribution on a pupil attendance  
basis. Last year there was \$1-  
335,525 divided among the schools  
on the pupil attendance. All the  
other funds show a slight increase,  
however, with the exception of that  
for high school aid.

The total amount apportioned  
this year is \$4,227,840, which is  
about 20 per cent less than the  
\$4,968,981 of last year. The  
amounts distributed on the pupil  
attendance basis last year ranged  
from \$294 in Pemiscot County to  
\$248,329 for the City of St. Louis.  
The decrease in this fund will mean  
that the portions allotted to the 114  
counties and St. Louis will be very  
small.

**COOLIES ATTACK U. S. WOMEN**

WASHINGTON, Aug. 11.—The  
attack by Chinese coolies on two  
American women at Hankow on  
Aug. 6 following a riotous ac-  
tion is being investigated by United  
States Consul Lockhart.

Minister Johnson at Peking ad-  
vised the State Department last  
night that an Englishwoman and  
four of her fellow countrymen also  
were set upon by the coolies during  
an altercation after the mishap.

The report identified only Mrs.  
Ralph E. Fielding, wife of Lieut.  
Fielding of the U. S. Naval Medical  
Corps. The Englishwoman and Mrs.  
Fielding were seized by native po-  
lice and taken to jail where they  
were held incommunicado for an  
unusually long period. They were  
subjected to minor indignities and  
then released.

**BLAINE URGES EXTRA SESSION  
FOR UNEMPLOYMENT RELIEF**

Wisconsin Senator, in Letter, Asks  
Hoover to Call Congress to  
Meet in September.

By the Associated Press.  
WASHINGTON, Aug. 11.—Presi-  
dent Hoover was requested in a let-  
ter today from Senator Blaine  
(Rep.), Wisconsin, to call a special  
session of Congress early in Sep-  
tember to consider unemployment  
relief. The letter says: "Obvious  
facts indicate continued unemploy-  
ment, diminishing purchasing power  
and depressed farm prices. I  
urge that Congress be called in special  
session early in September.  
The evidence on every hand points  
to the necessity for early legisla-  
tive action. I venture the sugges-  
tion that conferences do not mean  
action, and usually mean an excuse  
for inaction."

"The gravity of the situation is  
such that the responsibility of the  
President and the Congress is meas-  
ured by the necessity, and the nec-  
essity was never greater."

**CABINET POST FOR JOBS**

11.—Australian Premiers in confer-  
ence here today proposed to estab-  
lish a permanent secretariat to  
deal with unemployment.

The organization would consider  
the absorption of jobless men into  
productive works, the expansion  
and intensification of primary and  
secondary industries and the estab-  
lishment of new industries.

**SAYS INDUSTRY MUST KEEP UP

Vermont Manufacturer Makes As-  
sertion at Conference of  
Smaller Businesses.

By the Associated Press.  
SILVER BAY, N. Y., Aug. 11.—  
Discussion evoked by the assertion  
of Ralph E. Flanders of the Jones  
& Lamson Machinery Co. of Spring-  
field, Vt., that industry must main-  
tain wages and adopt a 40-hour  
week, occupied attention at the  
Smaller Industries Conference to-  
day.

Flanders admitted, however, "that  
our best efforts to maintain wages  
will ultimately fail" if the present  
depression forebushes a period  
of long-time decline in prices.  
Flanders explained that the 40-  
hour week, if heavy charges were  
made for overtime, would not only  
help the lot of the employee, but  
would force the employer to strive  
diligently to keep his production  
schedule level.

**APPEAL TO PRESS CONGRESS**

MEXICO CITY, Aug. 11.—Latin-

yesterday expressed the opinion  
the United States press had not  
sufficiently penetrated Latin Ameri-  
can problems and voiced the hope  
the Congress would serve to bring  
more attention to Latin America  
hereafter.

Dr. Jose Manuel Puig Casauranc,  
Mexican Secretary of Education,  
said in his address of welcome he  
hoped, as a result of the congress,  
"publication of unfounded propa-  
ganda against Mexico in foreign  
countries would be ceased."

**EARTHQUAKE AND  
TYPHOON IN JAPAN,  
5 PERSONS DEAD**

Showering the Country-  
side With Ashes and  
Small Stones.

MANY PERSONS HURT,  
BUILDINGS ARE RAZED

Great Number of Fishing  
Boats Missing—3000  
Homes Reported Dam-  
aged on Miyako Island.

By the Associated Press.

TOKIO, Aug. 11.—Five persons  
are known to be dead, scores in-  
jured, thousands of buildings de-  
stroyed or damaged and many fish-  
ing boats missing after a typhoon  
that swept the islands of Miyako  
and Ishigaki in the Loo Choo  
south of Japan. Two eruptions of  
the volcano Asama, near Karu-  
izawa, showered the surrounding  
country with ashes and small  
stones.

Citizens ran into the streets at  
Hamamatsu, Shizuoka, prefecture,  
about 100 miles southwest of Tokio,  
when an earthquake shook the city  
shortly before midnight. The town  
was in darkness for hours, but no  
damage was done other than the  
breaking of electric lines.

The earthquake also was felt at  
Yokohama, a few miles from Tokio,  
and at Osaka, Nagoya, Atami and  
Shimizu.

Authorities estimated 2000 build-  
ings were destroyed and 2000  
homes damaged by the typhoon in  
Miyako Island.

At Ishigaki, hundreds of houses  
were destroyed or damaged and  
eight motor fishing vessels sank.  
No deaths were reported from  
Ishigaki.

**German Wheat Crop Report.**  
By the Associated Press.

BERLIN, Aug. 11.—Germany's  
estimated wheat prospects are 200-  
000 tons (12,000,000 bushels) short  
of requirements, Martin Scheile,  
Minister of Agriculture, said last  
night in a radio address. At the  
same time Scheile announced that  
the proportion of German wheat  
which German millers will be com-  
pelled to grind into flour for home  
consumption has been lowered from  
97 to 70 per cent.

## THE REV. M. S. RYAN DIES IN SAN FRANCISCO

Head of Kenrick Seminary for 20 Years Was on Visit to Sister.

The Very Rev. Michael S. Ryan, for 20 years president of Kenrick Seminary in Webster Groves and since 1928 professor of pastoral and special moral theology there, died yesterday in San Francisco, where he was visiting his sister.

Father Ryan left the seminary a week ago and Sunday was taken to St. Mary's Hospital after suffering a heart attack. He was 53 years old.

A requiem mass was said today in San Francisco, after which the body was sent to St. Louis for burial. Surviving are two sisters, Sister Mary Michael, a teacher at St. Vincent de Paul Parochial School in San Francisco, and Mrs. Casey of 2321 Cleveland avenue, St. Louis, and a brother, William D. Ryan.

Father Ryan retired from the presidency of Kenrick Seminary in 1928 because of ill-health. He was elected head of the Western Province of the Vincentian Community in that year, but declined to serve for the same reason.

He was born in St. Louis Dec. 22, 1877, and in 1899 entered St. Mary's Seminary at Perryville, Mo. He completed his education at the University of Rome, where he received the degrees of doctor of divinity and doctor of philosophy in 1909.

For several years before going to Kenrick Seminary, he was pastor of St. Stephen's Church in New Orleans. During his administration in the diocese school the old building on Cass avenue was abandoned and an imposing group of modern buildings in Webster Groves.

One of his chief interests was conducting annual retreats for clergy of the diocese. For several years before 1927 he was associate editor of the Western Watchman, a weekly Catholic newspaper published in St. Louis.

## WOODWARD PLANS STOCK COMPANY FOR MIDTOWN

Scouras Leases Grand and Olive Theaters to Former Impresario for September Opening.

Charles Skouras has announced that he has leased the Midtown Theater, on Olive street near Grand, to O. P. Woodward, the stock company manager who conducted a successful stock organization there for five seasons, his last year being in 1927. Woodward, well known throughout the country as a stock impresario, plans to open the theater the latter part of next month and is now in New York engaging his company and negotiating for plays. His lease of the house is for one year with the privilege of renewals if the venture proves a success.

The return of the Woodward Players assures theater goers of two dramatic stock organizations during the coming winter for Mary Burt has taken the Orpheum Theater, known for another year, and will re-open on Sept. 27, according to her present plans.

Spanish Princesses in Ireland. The Princesses of Northern Ireland, the Infanta Beatrice and Infanta Maria Christina, daughters of King Alfonso of Spain, arrived in Belfast today on a visit. The princesses were accompanied by their brother, Don Jaime and a party of Spanish noblemen traveling from London to Liverpool in their compartments reserved for them.

Funeral of Mrs. Nannie Clifford. The funeral of Mrs. Nannie H. Clifford, who died yesterday of a complication of diseases, was held today from her home, 4744 Lindell boulevard, with interment in Bellefontaine Cemetery. She was the widow of Robert Clifford, a St. Louis commission man and the daughter of the late Mr. and Mrs. A. N. Berthoud. Mrs. Clifford, who was 74 years old, is survived by a son, Berthoud Clifford, and a sister, Mrs. d'Arcy.

## SEMINARY PRIEST DIES

THE VERY REV. M. S. RYAN.

## Social Items

MRS. JAMES T. PETTUS, 41 Kingsbury place, and her daughter, Miss Irene, who are guests at Grove Park Inn, Asheville, N. C., following a visit at Eastern resorts, are expected home the latter part of the week.

Mrs. Pettus' niece, Miss Jane Moulton, daughter of Mr. and Mrs. William H. Moulton of Brentmore, who accompanied them East, has returned home. Mr. and Mrs. Moulton's oldest daughter, Miss Matilda, has arrived from La Jolla, Cal., where she visited several weeks following a cruise around the world with her aunt, Miss Rachel Watkins. Mr. and Mrs. Moulton's married daughter, Mrs. James Crawford Ward, formerly Miss Grace Moulton, who, with her young daughter, has been visiting her parents, has gone to Harbor Point, Mich., to spend the late summer.

Dr. and Mrs. George Gellhorn, 4365 McPherson avenue, and their son Alfred have returned from a visit of several weeks at Fish Creek, Wis. Dr. and Mrs. Gellhorn's daughter, Miss Martha Gellhorn, who joined her parents at Fish Creek, a fortnight ago, remained at the resort for a longer visit.

A large colony of St. Louisans is passing the summer at Hotel del Coronado, Coronado Beach, Cal. Among the visitors is Mrs. James W. Garneau of the St. Regis Apartments, who has spent the summer there for a number of years. She was joined recently by her daughter, Mrs. Sidney R. Overall of the Kent road. Mrs. Garneau will go to San Francisco for an early fall visit before returning to St. Louis.

Mrs. William Barnell of the Laclede road has been joined at the hotel by her daughter, Mrs. Huey Hughes of Dallas, Tex., and her young daughter, Patricia. Mrs. Barnell gave a large dinner party last week in honor of her daughter, after which the party was entertained at a vaudeville show and dance in the ballroom of the hotel.

Among the guests were Mrs. Garneau, Louis Werner and Mr. and Mrs. Albert Blair of St. Louis. Other St. Louisans at Hotel del Coronado include Mrs. Lewis C. Nelson, 23 Lenox place, and her niece, Miss Louise Baker of St. Louis; Mr. and Mrs. W. R. Berry, 6444 Cecil avenue; Mrs. Henry Turner Lee, 5401 Cabanne avenue, and her daughter, Miss Phoebe Lee, and Mr. and Mrs. Eugene B. Stinde, 6379 Waterman avenue, and their daughter, Miss Louise Stinde.

Mr. and Mrs. Joseph Mullen, 5729 Cates avenue, Dr. and Mrs. Gorowyn Brown, Cabanne avenue, and Lieut. and Mrs. W. E. Arnold of Jefferson Barracks, and their children departed yesterday for Macitawa, Mich., where they have taken a cottage for the remainder of the summer.

Miss Almee Shelton, daughter of Mr. and Mrs. William Gentry Shelton, 4467 Lindell boulevard, has returned from Wequetonsing, Mich., where she has been visiting Mrs. Helen Watts Jones at the summer home of her parents, Mr. and Mrs. Frank O. Watts, 23 Portland place. Mrs. Jones, who accompanied her to St. Louis for the week-end, returned yesterday to Wequetonsing. Mr. and Mrs. Shelton and their daughter will depart in a week for a motor trip to New York, where they will visit for about 10 days.

Mrs. Henry Hale Rand, 6950 Kingsbury place, has returned from Wequetonsing, Mich., where she has been a guest at the summer cottage of her brother and sister-in-law, Mr. and Mrs. Edgar E. Rand, 7756 Davis drive. Mr. and Mrs. Edgar Rand have as their guest Mrs. Edward Morton Banister, 4915 Argyle place.

Miss Lucille Hauschulte, daughter of Mr. and Mrs. William H. Hauschulte, 1119 Penrose avenue, has returned from a visit of several weeks in Canada, where she was a guest at Manoir Richelleu, Murray Bay, Quebec.

Mr. and Mrs. Malcolm Brekenridge, 7128 Pershing avenue, their son, and Mrs. James A. Rodgers and children, 5673 Cates avenue, departed Monday for a motor trip through Michigan. They will remain at Douglas, Mich., until early in September.

Miss Pauline Laupheimer, 5554 Western avenue, is spending the remainder of the summer at the Ambassador Hotel, Atlantic City.

## 'RIO RITA' AS FINAL BILL IN FOREST PARK

Former Ziegfeld Show Begins Two Weeks' Run to End Summer Season.

RIO RITA, a musical drama with music by Harry Tierney, book by Alvin Polton and Fred Thompson. Presented by the Municipal Opera company in Forest Park with the following cast: Hal Forde, Roberto Ferguson, Archie Leach, Ramon, Gladys Baxter, Ed Lovett, Jack Sheehan, Dalores, a bandit, Victor Canmore, General Estaban, Leonard Cooley, Lolita, Marice Christie, Maricita, a street musician, Betty Hanson, Santiago, a street musician, Hal Scott, Rio Rita, Ruth Altman, Chick Bean, Jack Good, Dolly, Doris Patston, Guy Robertson, Sert, Modino, Joseph Wilkins, Capt. Wilkins, Charles Chassey, Escamilo, a dancer, Clifford Newman, Capt. Gonzales, Frank Horn, Katie Dean, Chick's first wife, Connie Graham.

"RIO RITA," the splendid musical drama which Florenz Ziegfeld produced a few seasons ago for one of his greatest successes and which afterwards became a smashing hit in the movies, made its first appearance on the big stage in Forest Park last night as the final offering of the 1931 season. It is to run for two weeks, bringing the present cycle of summer offerings to a close on Aug. 23, and if last evening's bumper audience can be taken as a criterion, the season will wind up in a blaze of financial glory.

With Guy Robertson, Leonard Cooley, Archie Leach, Hal Forde, Jack Sheehan, Jack Good, Doris Patston, Gladys Baxter, Clifford Newman and Connie Graham, Municipal Opera favorites, in the cast, J. J. Shubert, production manager for this summer's shows, also brought on Ruth Altman to sing the title role of the play. Miss Altman, a newcomer to St. Louis audiences, proved a welcome addition to the organization. She has a most pleasing voice and is an actress of parts, as her performance as the Mexican-American girl, about whom the plot revolves, demonstrated.

"Rio Rita" is a romance of the Rio Grande country, with Guy

Robertson, as Captain Jim of the Texas Rangers, crossing the river to capture the Kinkajou, a notorious Mexican bandit who has been raiding banks on the American side of the boundary. He gets him—the Rangers never miss their man—we are assured in one of the song hits of the play—and also captures the heart and hand of Rita. (But the romance does not come to a happy ending without many complications. Jim is accused of being a Gringo spy and has to fight his way out of the clutches of Mexican army officials. Eventually, by a trick, he gets the Kinkajou and a part of the Mexican army on the American side of the line and from then on the matter is easily settled.

An American lawyer in Mexico, played by Jack Sheehan, and his bootlegging client, Jack Good, have rare opportunities to inject a lot of comedy into the story and they make the most of every chance, being ably abetted by Miss Patston and Miss Graham. The music is delightful and the play abounds with song numbers which have been hits ever since Mr. Ziegfeld first produced the piece. Chief among them is "The Song of the Rangers," sung by Mr. Robertson and the large male chorus; his "Rio Rita" and "Following the Sun Around." Miss Altman had several lovely numbers also, as did Mr. Cooley, and in a scene aboard a floating cabaret in the last act, Miss Baxter and Mr. Newman, who had only minor parts in the play itself, introduced two songs which scored heavily. In this same cabaret scene other specialties were brought in with Kendall Capps, St. Louis dancer, and Rosemary Deering in a beautiful ballet, being the shining lights. The chorus, too, had plenty of fast stepping to do, and Jack Good was as nimble on his feet as ever.

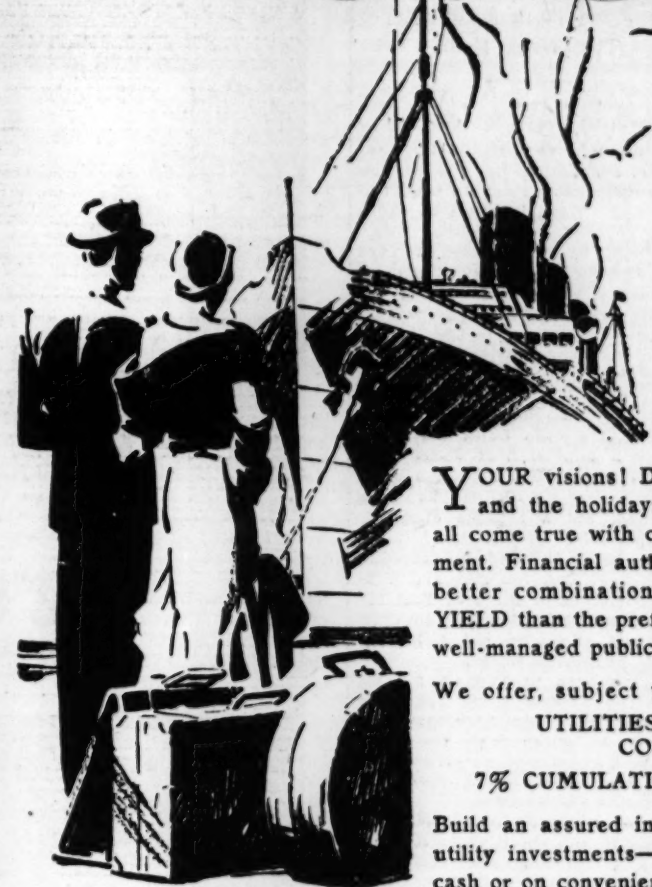

"Rio Rita" has been produced by Mr. Shubert in a most lavish manner, and a wedding tableau, as the finale—which did not come until well after 11 o'clock last night—was a scene of great beauty. Among the most interested spectators in the opening night crowd were Mr. and Mrs. Edward Patston of London, the parents of Doris Patston, who came over from England just to see their daughter and son-in-law, Jack Sheehan, in this show.

King of Slam in Ottawa. OTTAWA, Ontario, Aug. 11. —Sightseeing occupied the King and Queen of Slam during their visit in Ottawa today. Tonight the royal visitors will be guests at a state banquet presided over by the Prime Minister of Canada.

# GAIN IN FEEDING OF WHEAT INDICATED ON U. S. FARMS

Total Amount This Year Expected to Exceed Estimate of 182,000,000 Bushels.

By the Associated Press. WASHINGTON, Aug. 11.—With wheat prices so low, farmers are finding it an economic convenience to use wheat as a livestock and poultry feed in the place of more costly corn and mixed rations. The Agriculture Department and Farm Board have no estimates of the amount of wheat which will be fed this year, but it probably will exceed the estimate of 182,000,000 bushels made last year.

Both these Federal agencies have advised feeding as a means of absorbing a part of the 1931 bumper crop, which is adding to the already large surplus. Farmers, in accepting this advice, are guided by relative prices of wheat and corn. Now corn brings a higher market price than wheat.

That farmers are feeding and storing their wheat crops to ease the burden on current markets is apparent in the reduced carload totals arriving at terminals as compared with average years. Merchants have accepted wheat in exchange for debt obligations, thus tending to lighten the burden of the Southwest farmer. Vacant stores and houses have been turned into temporary granaries.

# orange APPETIZERS FOR SUMMER meals!

Sliced oranges! Halved oranges! Orange cocktails! Endless ways you can enjoy Sunkist Oranges at today's low prices

NOW it costs amazingly little to do as health authorities advise. You can serve fresh oranges to all the family every day—in juice, cooling summer drinks, and quickly-made salads and desserts. Note your dealer's special bargains in "juice-full" Sunkist Oranges—the pick of California's bumper crop. He gives you extra savings when you buy in quantities. Smaller, "juice-size" oranges are most abundant, therefore give you best value in juice.

**2 GLASSES EVERY DAY**  
keeps you fit!

"Too little vitamin C in your daily diet," is science's warning to those troubled with tooth decay, gum disorders and "run-down" systems. Citrus fruits are the best known sources of vitamin C. Protect yourself most easily by drinking two full-sized (8 oz.) glasses of fresh orange juice every day.

# HEAVY LOSS OF LIFE IN MEXICAN FLOODS

Villages Inundated In Vera Cruz and Tamaulipas After Two-Week Rain.

By the Associated Press. TAMPICO, Mexico, Aug. 11.—Tampico had the double task today of evacuating its flooded districts and sending aid up the Pango and Tamesi Rivers to thousands of refugees marooned in an inundated zone in Northern Vera Cruz and Southern Tamaulipas. The few refugees from the interior who reached Tampico told of heavy loss of life in the villages which were suddenly flooded when the rivers, after two weeks of steady rain, left their banks. Advice from Tampico, in Vera Cruz, said a dam burst there, releasing a solid wall of water from the Temporal River upon the town. Many persons are said to have been drowned, but a reliable check-up is impossible.

The water invaded the customs house here and the city hydraulic plant, leading to the fear that the plant would be put out of commission and the city would be left without drinking water.

In response to appeals for aid from the Tamesi River region in Tamaulipas, where 20 villages are said to be submerged, the Tampico Red Cross sent motor launches with food, water and clothing to thousands of refugees.

Three thousand refugees were housed in the small town of Pango and the food shortage there became so acute that disorders were feared.

Radio Commission Upheld. By the Associated Press. WASHINGTON, Aug. 11.—The District of Columbia Supreme Court has denied a motion by station KTNT, Muscatine, Iowa for a preliminary injunction to set aside a Radio Commission decision keeping the station silent. Attorneys for Norman Baker, station owner, filed notice in open court that they would appeal to the District of Columbia Court of Appeals. Another appeal, direct from the commission's decision, is pending in the Court of Appeals.

# BANKER'S HOME ROBBED OF JEWELS VALUED AT \$30,000

By the Associated Press. CHICAGO, Aug. 11.—Burglars ransacked the apartment of Carroll E. Gray Jr., president of the Central

Republic Co., the investment affiliate of the Central Republic Bank and Trust Co., early today, escaping with jewelry valued at between \$30,000 and \$50,000.

The loss was discovered by Mrs. Gray and her daughter Jane, 15, when they returned to it after an evening at the theater.

Mrs. Gray said that among the pieces taken were two diamond rings valued at \$15,000 each. Several fur coats and other valuables were handled but not taken.

Farmer Shot by Son. By the Associated Press. DIXON, Ill., Aug. 11.—Shot in the neck by his son without warning, Fred Manning, 60 years old, wealthy retired farmer, was in a critical condition today. The son,

Harold, 21, surrendered to the police. "I guess my nerves are just bad," was the only explanation of the shooting which he made. Mrs. Manning told the police her husband had been trying to get their son to work on the farm, but he had objected. The shooting occurred as the father, mother, son and a daughter, were sitting in the living room. The son suddenly arose, went into the kitchen and returned with a pistol, firing while

# "TOASTING" expels SHEEP-DIP BASE *naturally* present in every tobacco leaf

(Black, biting, harsh irritant chemicals)

**"They're out—so they can't be in!"**

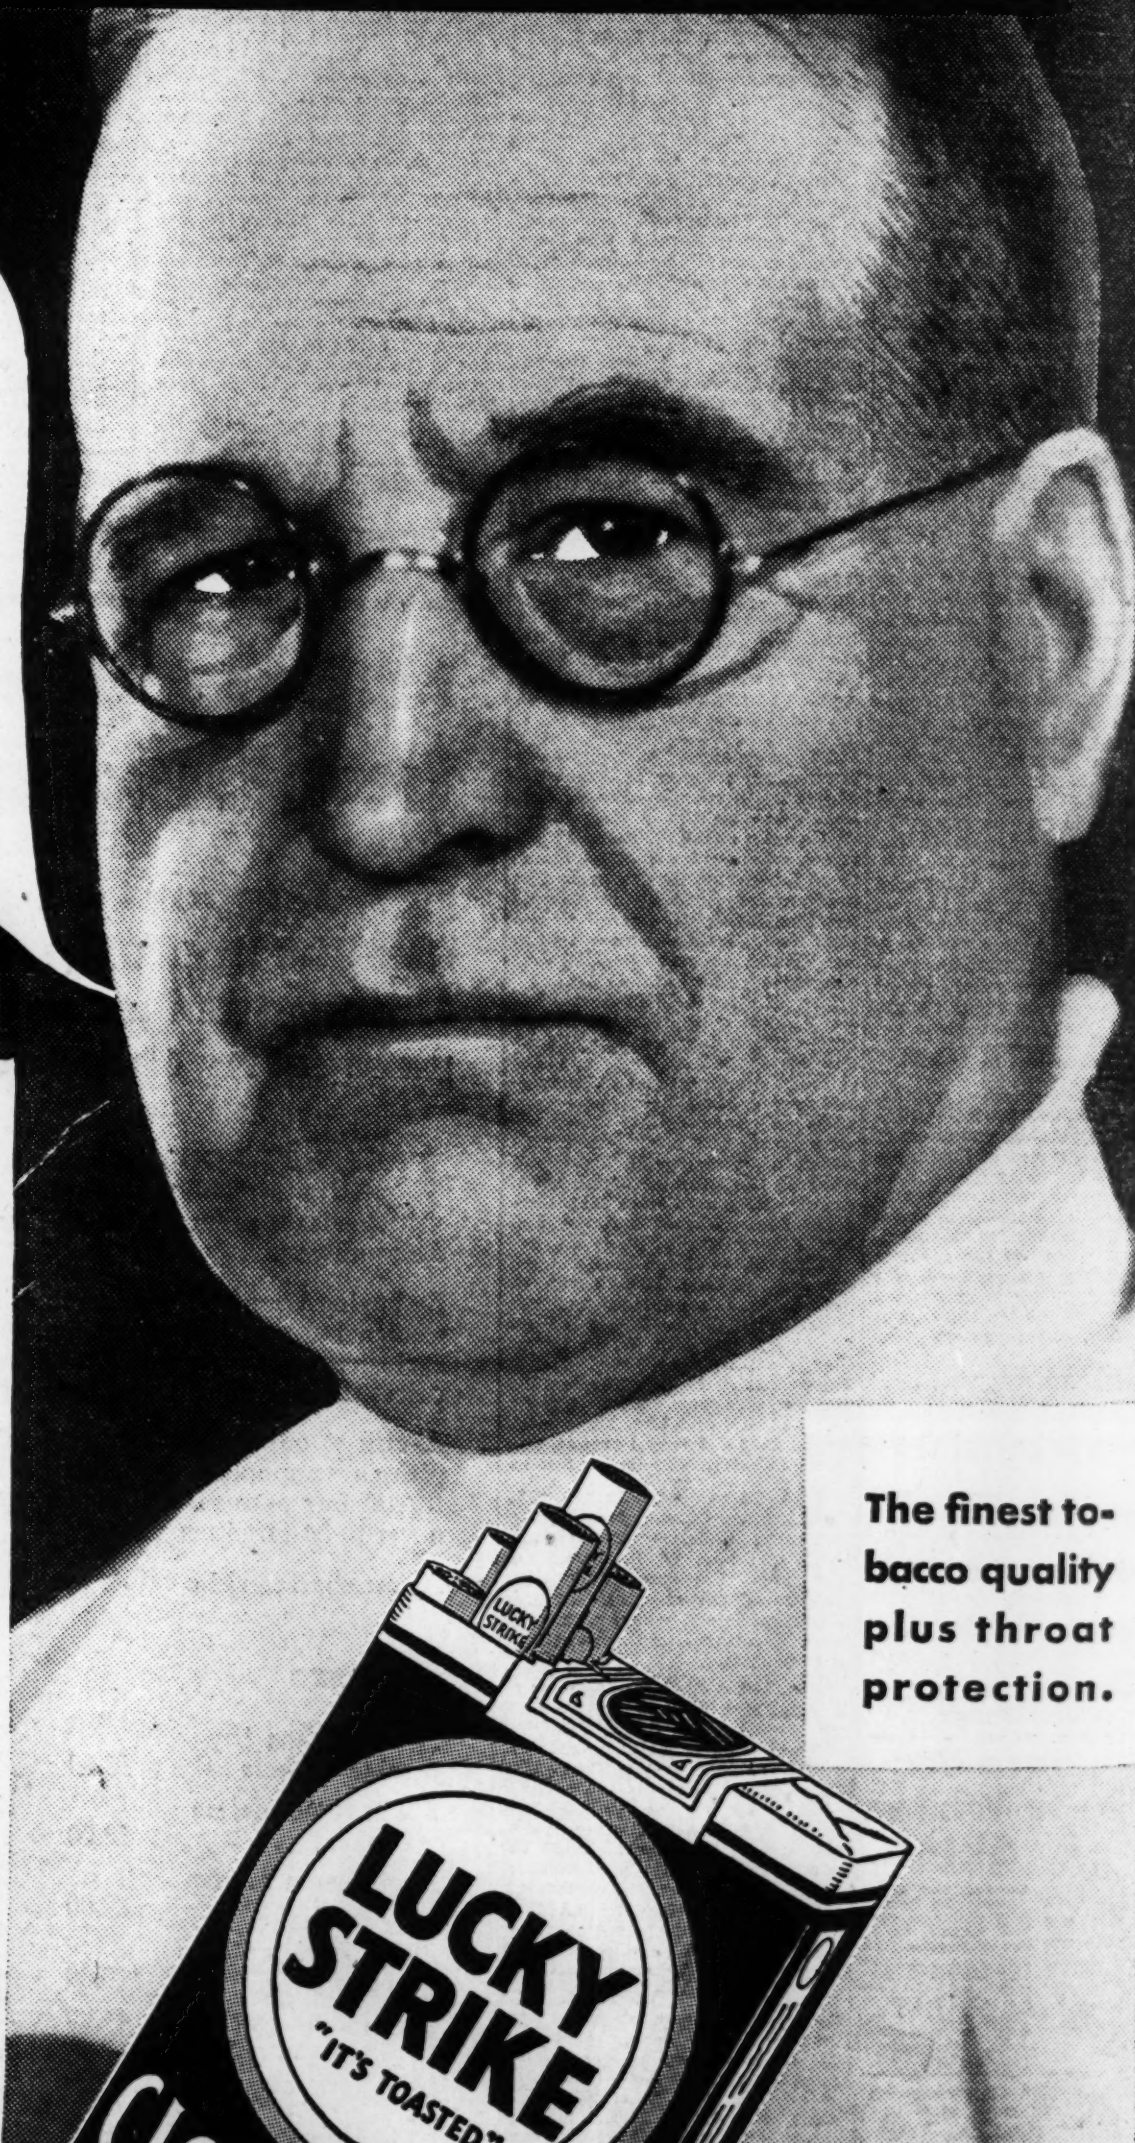

Every LUCKY STRIKE is made of the finest tobacco leaves the world can offer—the finest from Turkey—the finest from Kentucky, Tennessee, Virginia, Georgia and the Carolinas—the Cream of many Crops throughout the world. But all tobacco leaves, regardless of price and kind, as nature produces them, contain harsh irritants. LUCKY STRIKE'S exclusive "TOASTING" Process—a process that mellows, that purifies, that includes the use of the modern Ultra Violet Ray—expels certain harsh irritants naturally present in every tobacco leaf. We sell these expelled irritants to manufacturers of chemical compounds, who use them as a base in making sheep-dip,\* as well as a powerful spraying solution for fruits, flowers and shrubs—enough to permit the daily dipping of over 50,000 sheep or the daily spraying of many thousands of trees. Thus, you are sure these irritants, naturally present in all tobacco leaves, are not present in your LUCKY STRIKE. **"They're out—so they can't be in!"** No wonder LUCKIES are always kind to your throat.

## SKINNY AND SO NERVOUS

she was afraid to stay alone!

...Now gaining 3 pounds a week—complexion clearing, too

At home in the house. A window rattles. She thinks it's a burglar! The doorbell rings. She dreads to answer it. Nerves all "jangle", complexion poor, almost hopelessly underweight—that's Mrs. Alex Thrush—a very short time ago.

Today her nerves are quieting down. Her weight is climbing rapidly. But read her own account of her wonderful recovery:

"So far I have taken 3 packages of Ironized Yeast and have averaged about 3 pounds a week. This is exactly the time for me because I was so much underweight I began to think I never would gain a pound. I was so terribly nervous that I was afraid in the house alone. This is gradually changing. I sleep like a new-born babe and my complexion also is clearing up. In due time I feel as though I shall be a new person thanks to Ironized Yeast." Mrs. Alex Thrush, 15015 Main St., Harvey, Ill.

We hear of scores of conditions—just as pitiful as this. Some folks couldn't eat—others couldn't sleep. Some lost their friends—others their jobs. Always their trouble was a rundown, underweight condition. And always Ironized Yeast rescued these men and women—revitalized their systems—added pounds of firm, attractive flesh.

A two-result tonic Do you wonder how Ironized Yeast can correct skin troubles, constipation, nervousness—at the same time it rounds out thin, scrawny figures? Do you also wonder how it builds such firm flesh so quickly—"10 lbs. in 3 weeks"? "2½ lbs. in 5 weeks" in actual cases on record? Here's the answer: This pleasant tonic tablet contains not only extra-rich "beer yeast"—but super-stimulated iron as well!

Specially cultured, specially imported—this famous health yeast is concentrated seven times—made seven times as effective as ordinary yeast. It is then scientifically ironized—treated with three distinct kinds of energizing, blood-enriching iron. For proof, the Ironized Yeast formula!

Satisfaction—or no cost! Make a generous trial of Ironized Yeast. Send for it. You'll get it for nothing if you don't feel pepped up, glad-to-be-alive—your money will be promptly refunded.

ACCEPT NO SUBSTITUTES! Insist on the original, the genuine Ironized Yeast in order to get the same glorious benefits it has brought countless others. At all druggists. Ironized Yeast Co., Atlanta, Ga.

## NEW YORK BOND MARKET

By the Associated Press.

NEW YORK, Aug. 11.—Bond sales on the New York Stock Exchange today were \$3,856,000, compared with \$7,238,000 yesterday. The total for the week was \$20,900,000, compared with \$11,761,119,000 a year ago and \$1,311,855,000 two years ago.

Quotations on all Liberty Bonds are in dollars and thirty-sixths of a dollar. That is, for instance, a sale printed 92-24 means 92 and 24 thirty-sixths of a dollar, and not \$92.24.

Following is a complete list of bonds traded in today, giving sales, highest, lowest and closing prices. In sales, 000 omitted:

### THIRD DEGREE CHARGE DENIED BY POLICE CHIEFS

Continued From Page One.

### WHY THIRD DEGREE WAS DROPPED HERE

St. Louis police officials, commenting on the report of the Wickensham Commission on "Lawlessness in Law Enforcement," said today that use of the third degree in obtaining confessions from prisoners here had been abandoned about five years ago.

The report, made public at Washington yesterday, vigorously condemned the third degree for its brutality and lawlessness. It said St. Louis was among the cities where proved instances of use of the third degree had occurred during the last 10 years. Several newspaper articles were cited to indicate that the third degree had been used here. An informant, the report went on, had stated that some

brutality was used here in questioning prisoners, but expressed the opinion that this had been stopped by the recent activity of newspapers and investigation by the Police Board.

St. Louis authorities stopped the use of the third degree for practical as well as humane reasons. It had been found that men charged with crimes would tell lies they had confessed only to stop mistreatment and torture by the police, and this sometimes resulted in acquittals.

Now, if a prisoner offers an alibi as a defense, his statement is recorded in detail on a printed form. If he offers to confess, his statement is put in writing and he is asked to sign it. The papers are forwarded to the Circuit Attorney. Immediately after making a confession, a prisoner is photographed, without clothing, at Police Headquarters, to circumvent any claim of beating. Then he is taken forthwith to City Hospital, where physicians examine him, and the doctors sign a statement of his physical condition. This statement and the pictures also go to the Circuit Attorney.

Most confessions are taken at

Police Headquarters, rather than at the district police stations. Those obtained at headquarters are always taken in the presence of an Assistant Circuit Attorney. The majority of confessions heard at headquarters, including those in important cases, are made in the presence of newspaper reporters, who frequently question the prisoners themselves. In a few important cases the police have called business men in to listen to confessions, as a further precaution against third degree complaints.

The police, of course, continue to question prisoners thoroughly, but the endeavor has been to eliminate inhumane practices, including the deprivation of sleep. The police theory here now is that a little kindness will help more than much severity. Recently the Police Board, in a public statement, condemned all brutality towards prisoners.

The Wickensham report mentioned a murder case here in 1922, in which, it said, the defendant was interrogated by relays of officers for 18 hours, stripped of clothing, forced to look at two bright reflectors and made to stand by the body of the woman he was accused of murdering while a bright light was flashed in his face. The report said the prisoner was named Lang, but apparently this was a reference to Albert Ellis, charged with the murder of his sweetheart, Edna Ellis. At his trial he said the police abused him. He was acquitted.

### TWO NEGROES HELD AFTER INQUEST IN AUTO KILLING

Verdict of Manslaughter Returned in Death of Man on St. Charles Road.

Two Negroes who were in an automobile that struck and killed William Sheppard, 55 years old, a laborer of 7324 St. Charles road, Wellston, Sunday morning, were held today after a coroner's jury at Overland returned a verdict of manslaughter.

Sheppard was hit as he was crossing St. Charles road, in the 3300 block. Witnesses said that the Negroes ran their machine into a tree after striking him, and tossed a suitcase containing 20 half pints of whisky out of the car.

The driver, John Treadwell, 2325A Biddle street, testified this morning that the man walked into the path of the machine. Santa Anna Willis, 2323 Franklin avenue, the other Negro, admitted ownership of the suitcase but said he knew nothing of the liquor. Treadwell was held for manslaughter and Willis as a material witness. Warrants will be applied for.

### Missouri Pac. Offers Drouth Rates By the Associated Press.

WASHINGTON, Aug. 11.—The Missouri Pacific Railroad today applied to the Interstate Commerce Commission for permission to establish emergency drouth freight

rates on livestock from Nevada to points in Utah, Idaho, Montana, Wyoming and Colorado and return. The application said the drouth made necessary the moving of livestock to places where feed was more plentiful.

If a man buys any new car today without first investigating Hupmobile then money grows on trees... and he apparently owns an orchard.

Stanley Clarke, president of St. Louis Public Service Co., testified today in the arbitration hearing on the proposed 15 per cent hourly wage rates of street cleaners that he thought the proposed rates would result in benefits to the company, to the employees and to the public.

Replying to questions by J. E. Francis, general attorney for the Public Service Co., Clarke said a reduction would give the company more money to spend on providing better service and employ more men and purchasing materials than it otherwise could.

On cross-examination, he said the management received in 1929 that the company was in a crisis, but that it could pay dividends until the quarter of the year when it found its back flat against the wall.

**Deferred Maintenance \$49**

Testimony introduced yesterday and earlier today in the arbitration hearing on the proposed 15 per cent hourly wage rates of street cleaners is that the company's deferred maintenance system will have accumulated the end of this year. The attributed to decreased revenues of various departments testified that thus far they have expended less than the requirements for maintenance and that if the system is maintained in proper operation the deficiencies will be made up in the next six months. They denied, however, that there had been any of maintenance immediately from the standpoint of the company.

Carl L. Hawkins, superintendent of maintenance of the street cleaning department, testified today that his department was about \$145,000 behind in expenditures for this year's policy of economy to the street cleaning department. The deficiency will have been made up, he said, in the next six months. He said other work was being done which would have been available for maintenance.

**Curriculum in Shop**

C. M. Gray, superintendent of shops, testified that expenditures for maintenance of equipment would be about \$280,000 this year. The normal requirements for maintenance for 1930 was \$280,000. Expenditures for maintenance for 1930 were \$280,000. The number of employees in the shops has been reduced about 450 a year since 1929. Expenditures for maintenance are about equally for wages and materials.

Gray said he would have more this year but for the fact that his budget was cut. He said the general manager, as a part of deferred maintenance, said normally about 20 months should go through for general repairs, but 18 cars a month are going through the shops for repairs. They are now operating part time for several months. Gray said, because of construction of 24 cars a month, the shops are now operating. This would capital expenditure, he said, not included in the budget.

Reduced maintenance expenditures were testified to yesterday by W. E. Bryan, superintendent of power, who estimated that the company would run behind about \$600. He has charge of the generating plants and the transmission lines. He testified that the company generates only about 10 per cent of its power and the remainder from Union Light & Power Co.

Bryan said the maintenance expenditures were adequate, but that the deficiencies have to be made up within the year.

On cross-examination, Bryan testified that the budget fixed by the company's management and that they had no voice in the allocation of the company's funds.
